*SAINT PATRICK*

*HIGH SCHOOL*

*Chicago, Illinois*

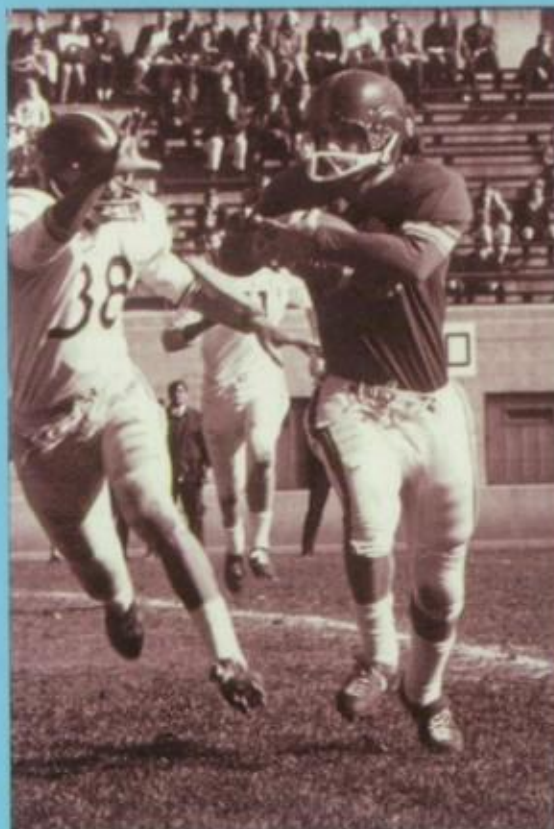

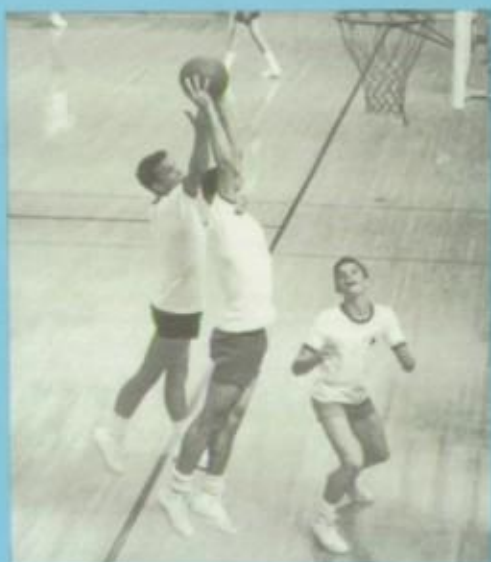

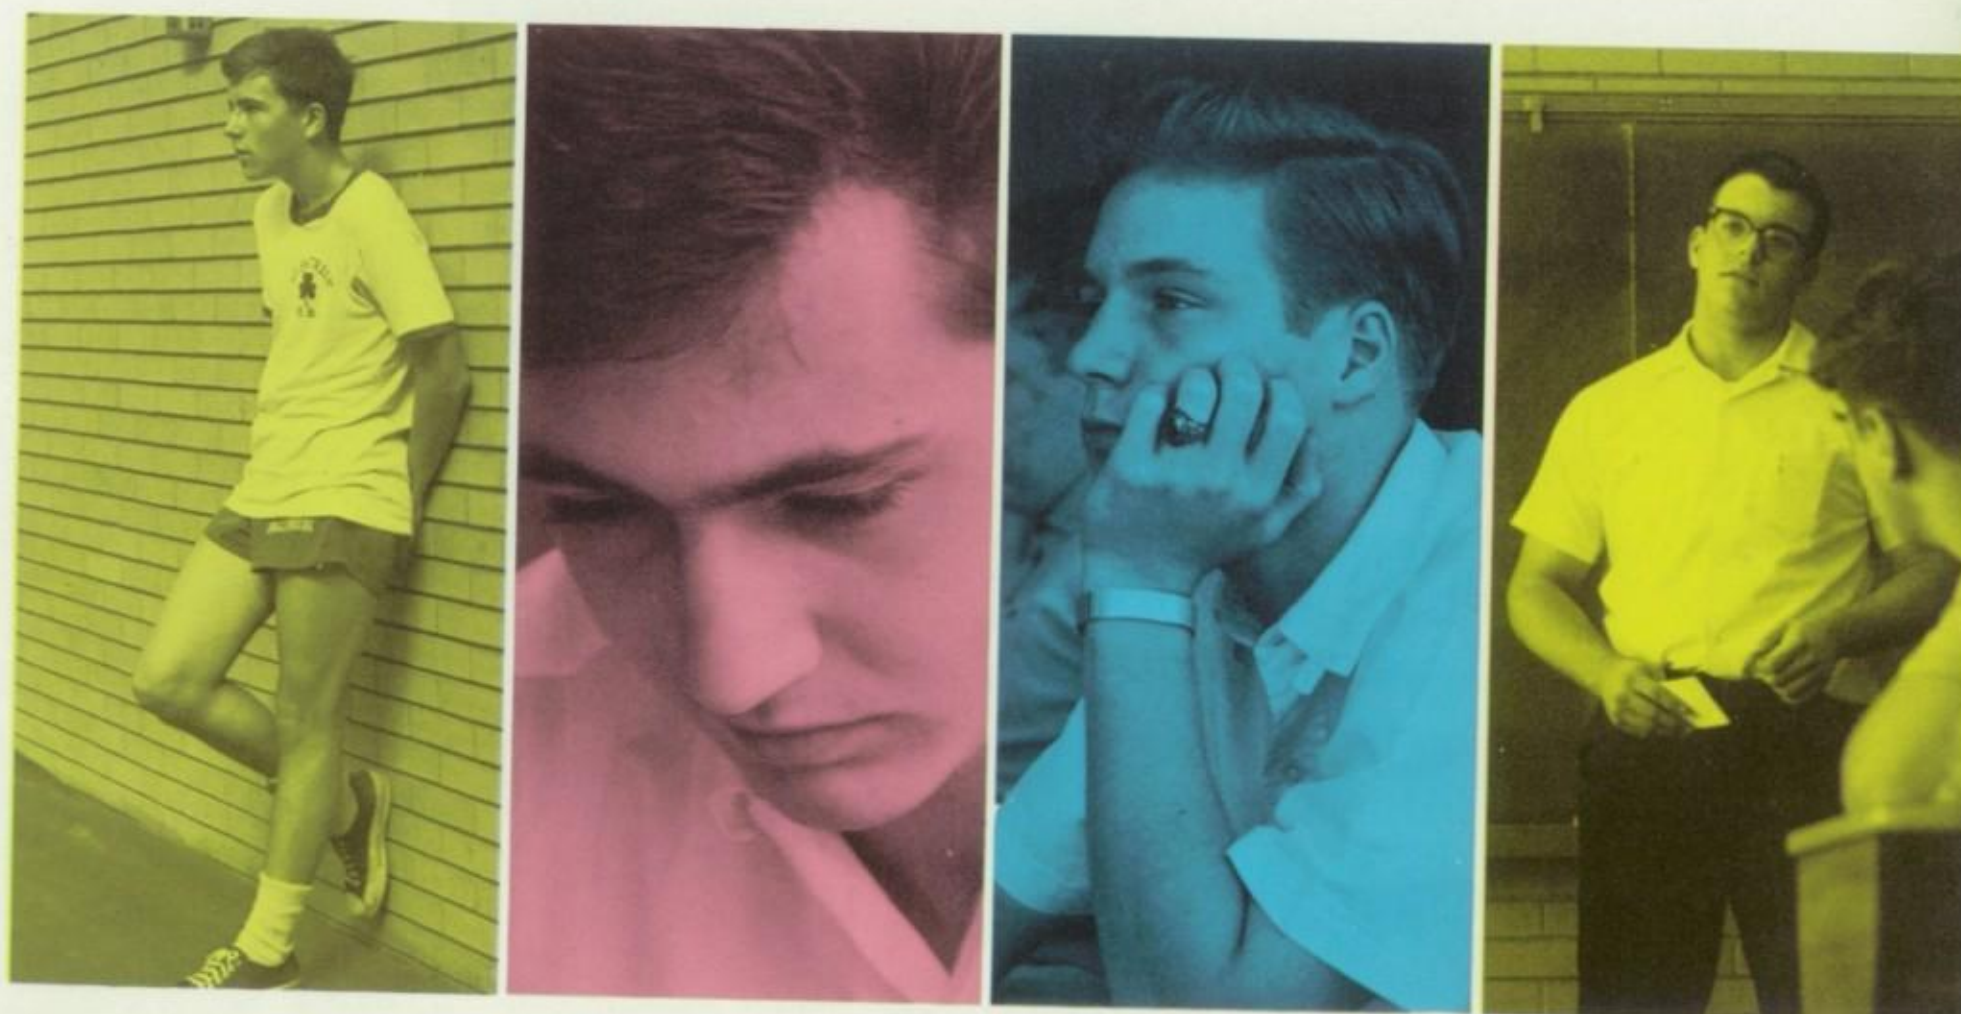

A man is as great as the dreams he dreams;  
as great as the thoughts he thinks,  
and the values he redeems.  
A man is as great as the help he gives;  
as great as the destiny he seeks;  
as the life he lives.

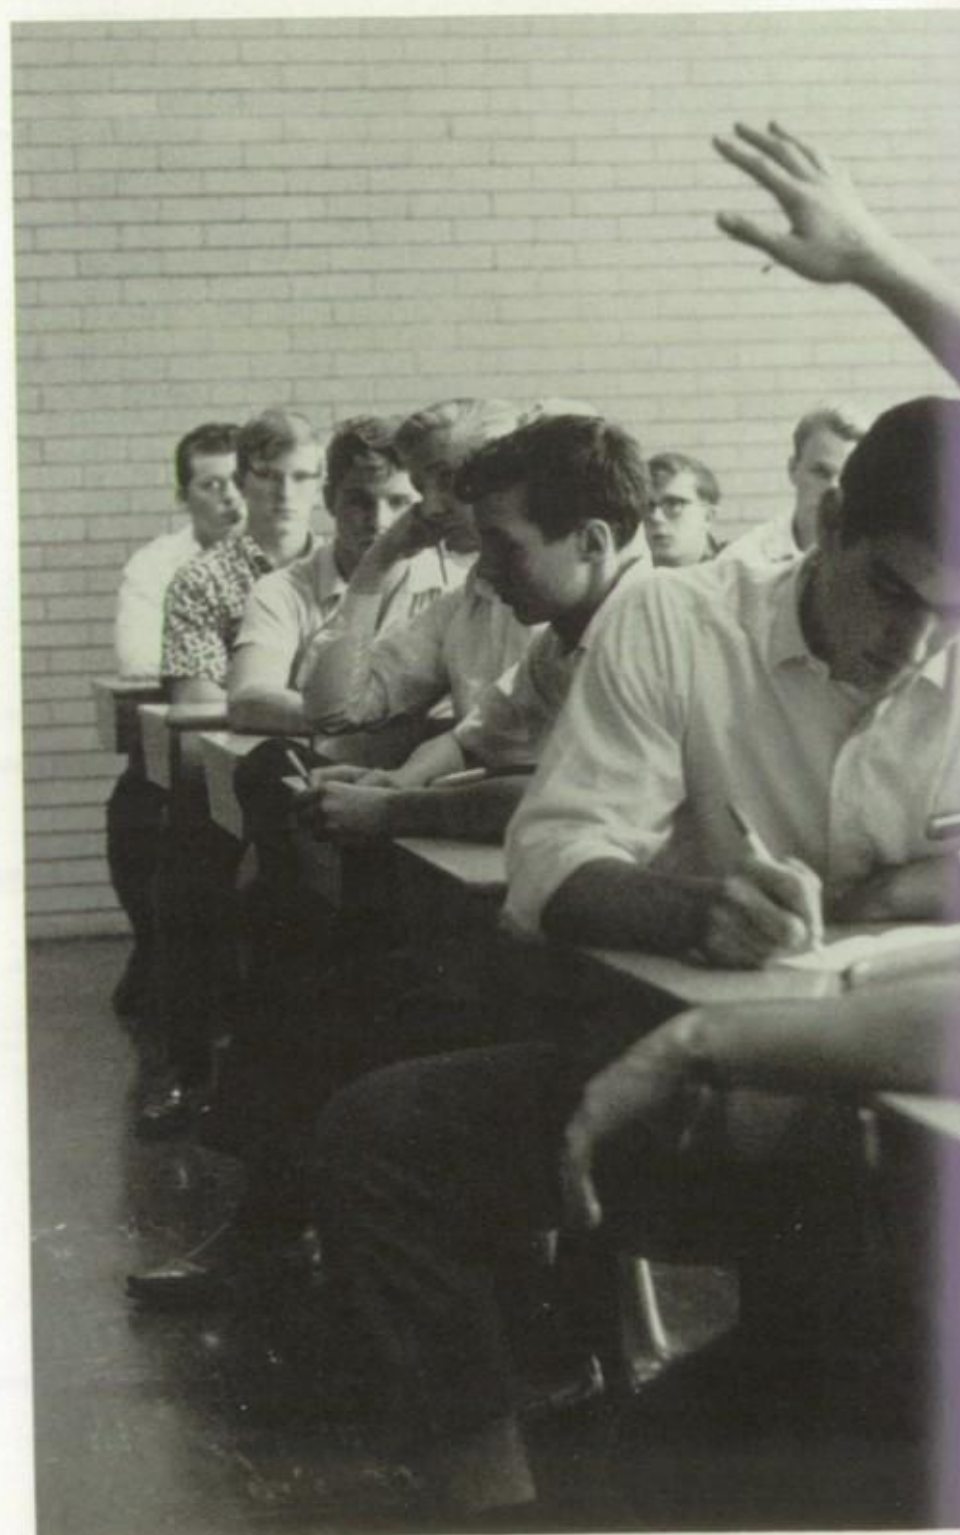

## HIGH SCHOOL LIFE

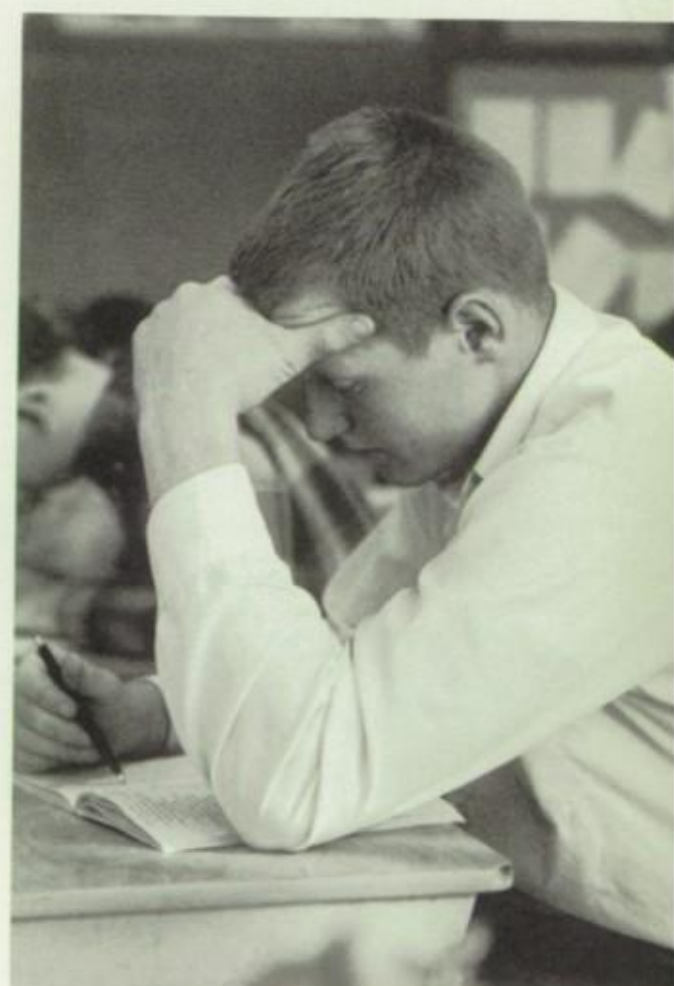

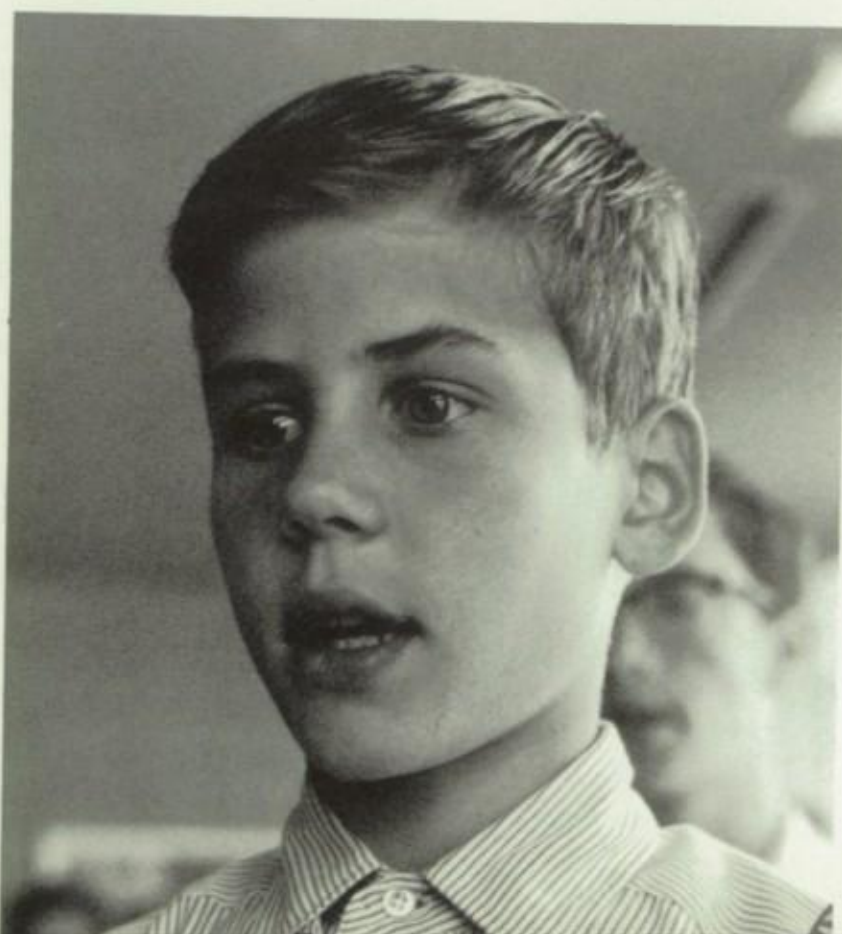

The Faces of  
Emotion  
The Faces of  
Excitement  
The Faces of  
Intent and Study

The Spirit of Fun  
The Spirit of  
Accomplishment  
The Spirit of  
Greatness

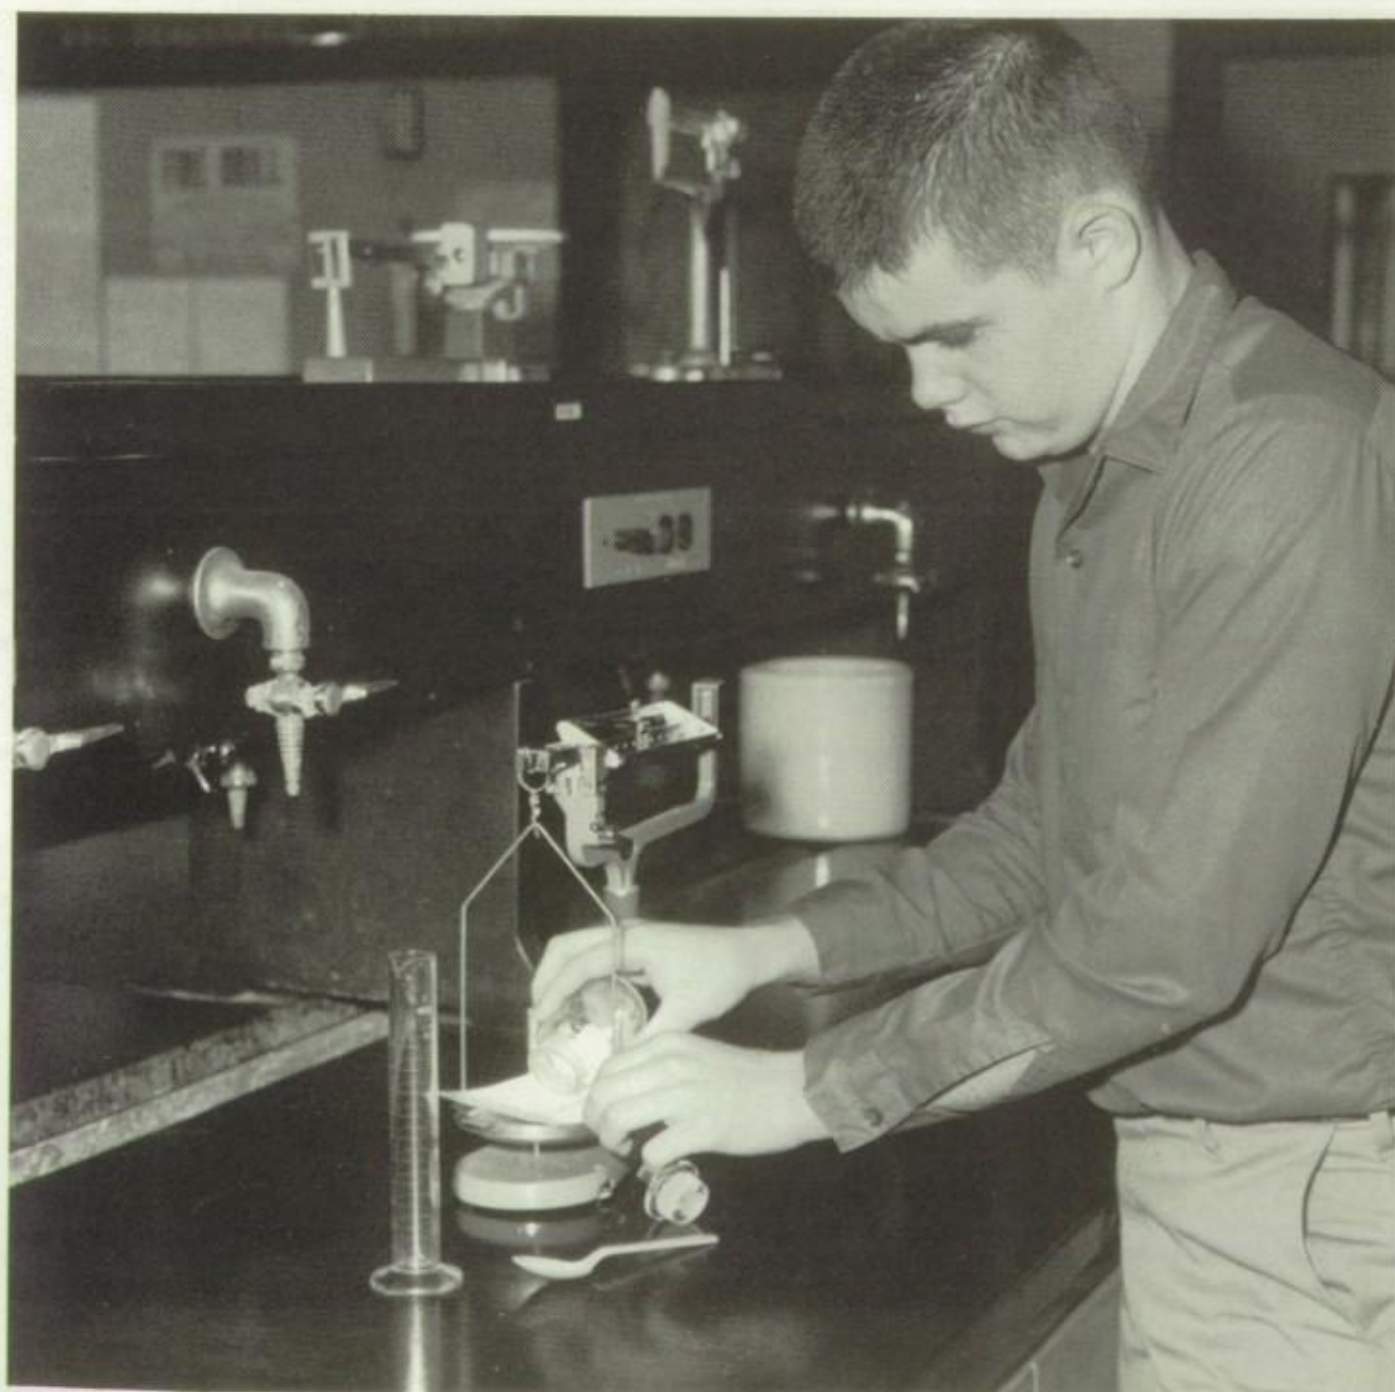

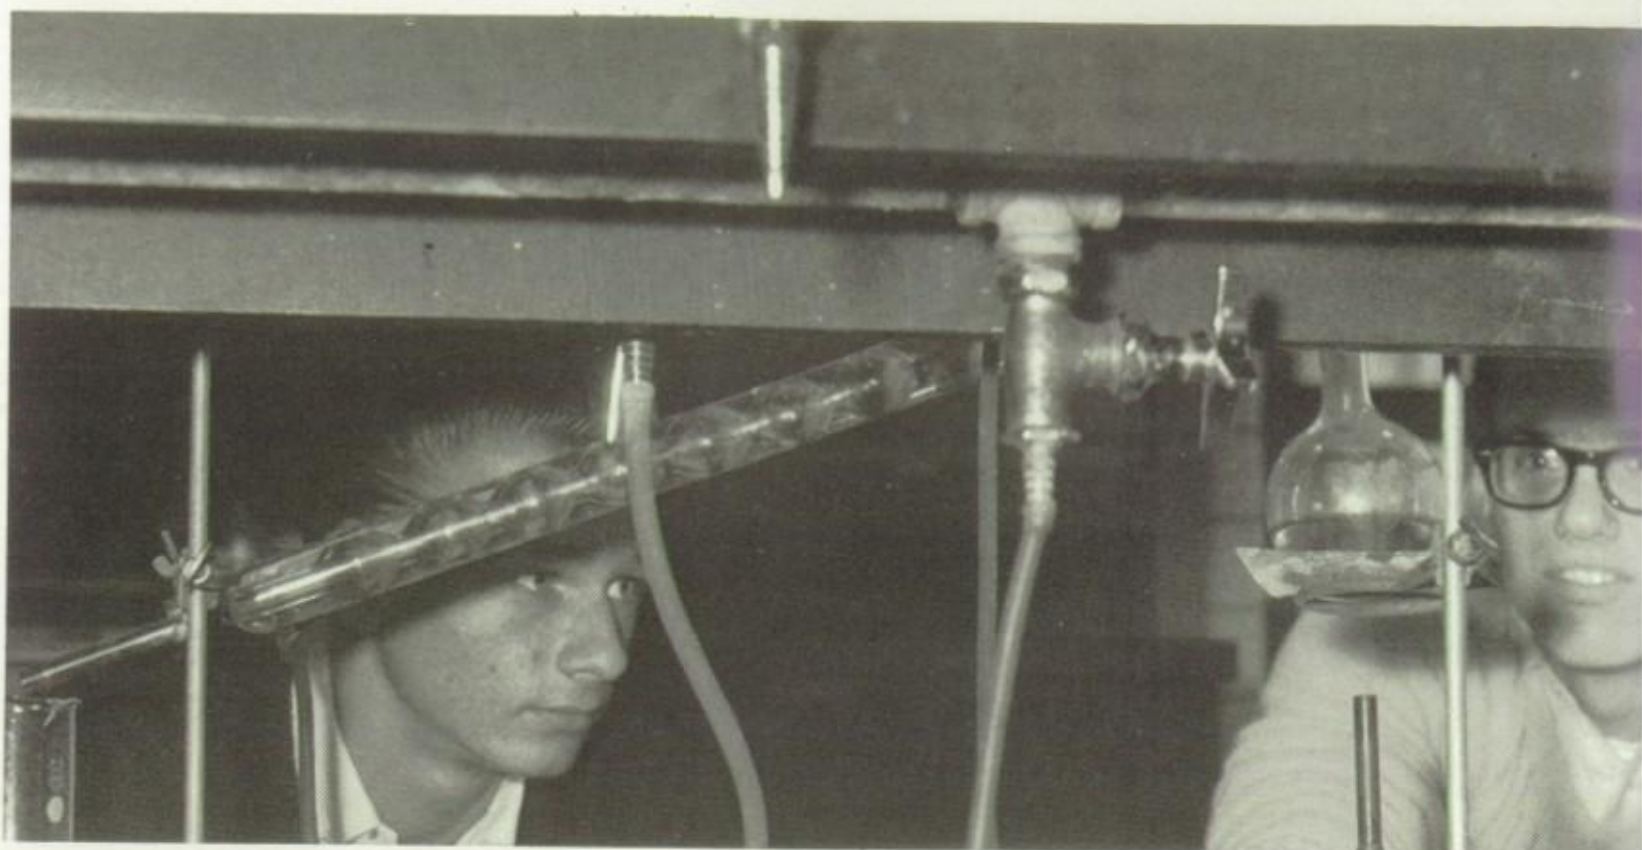

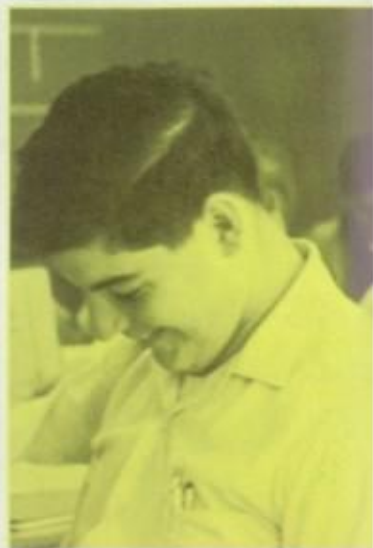

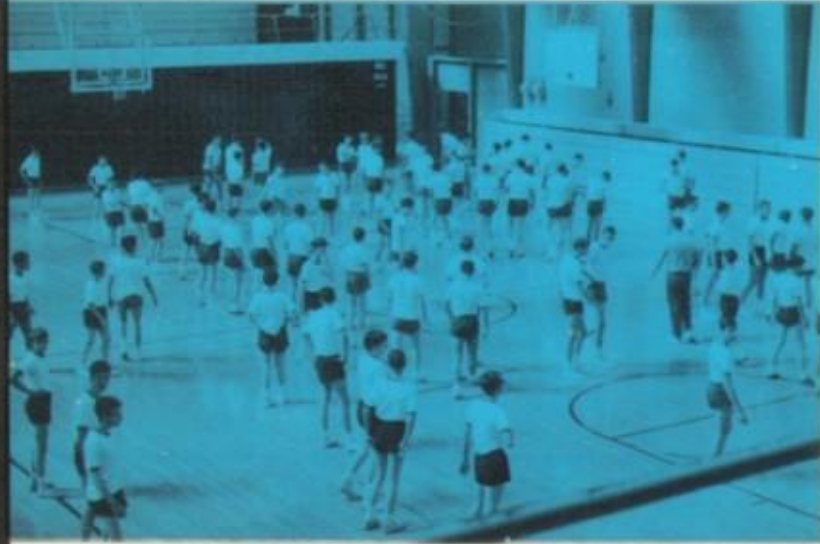

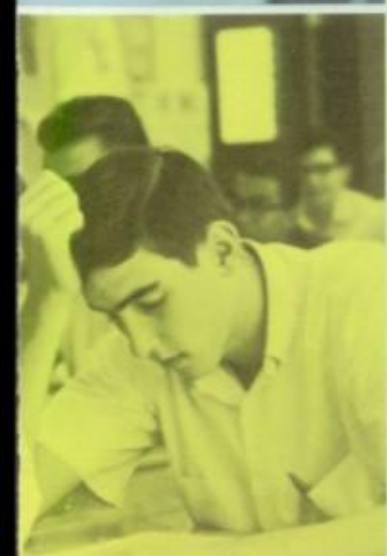

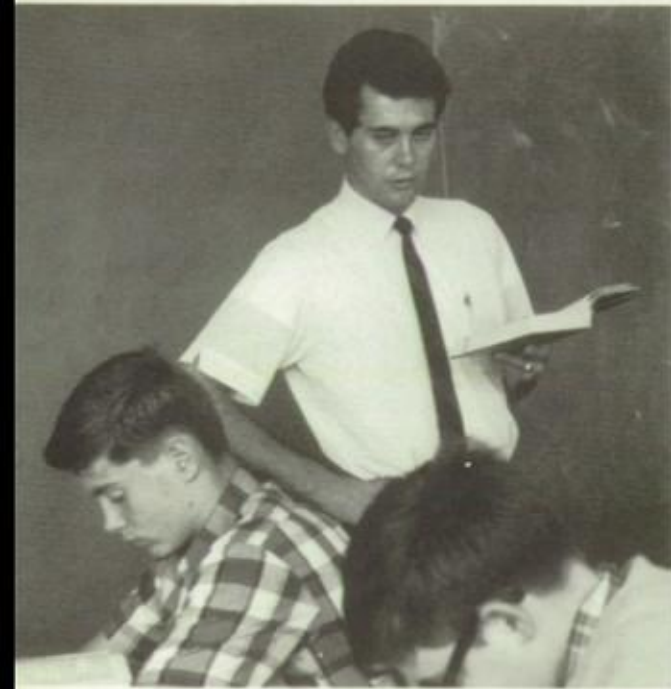

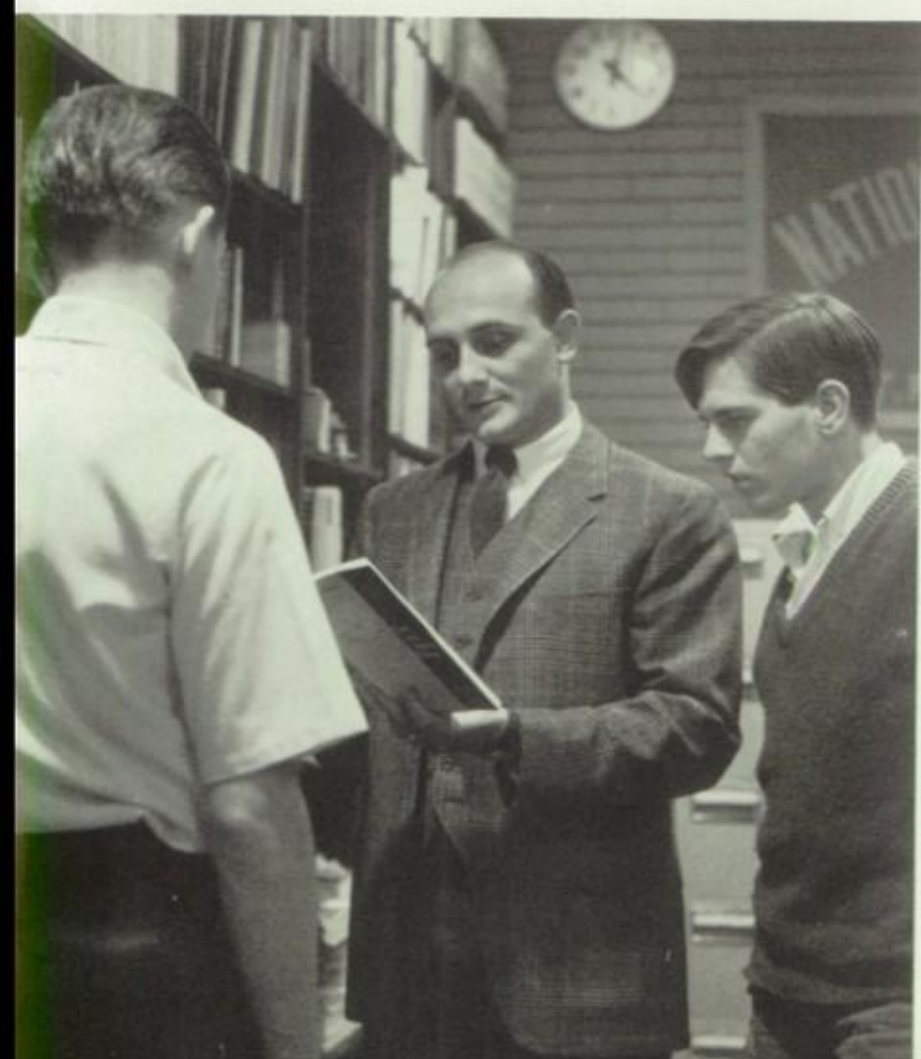

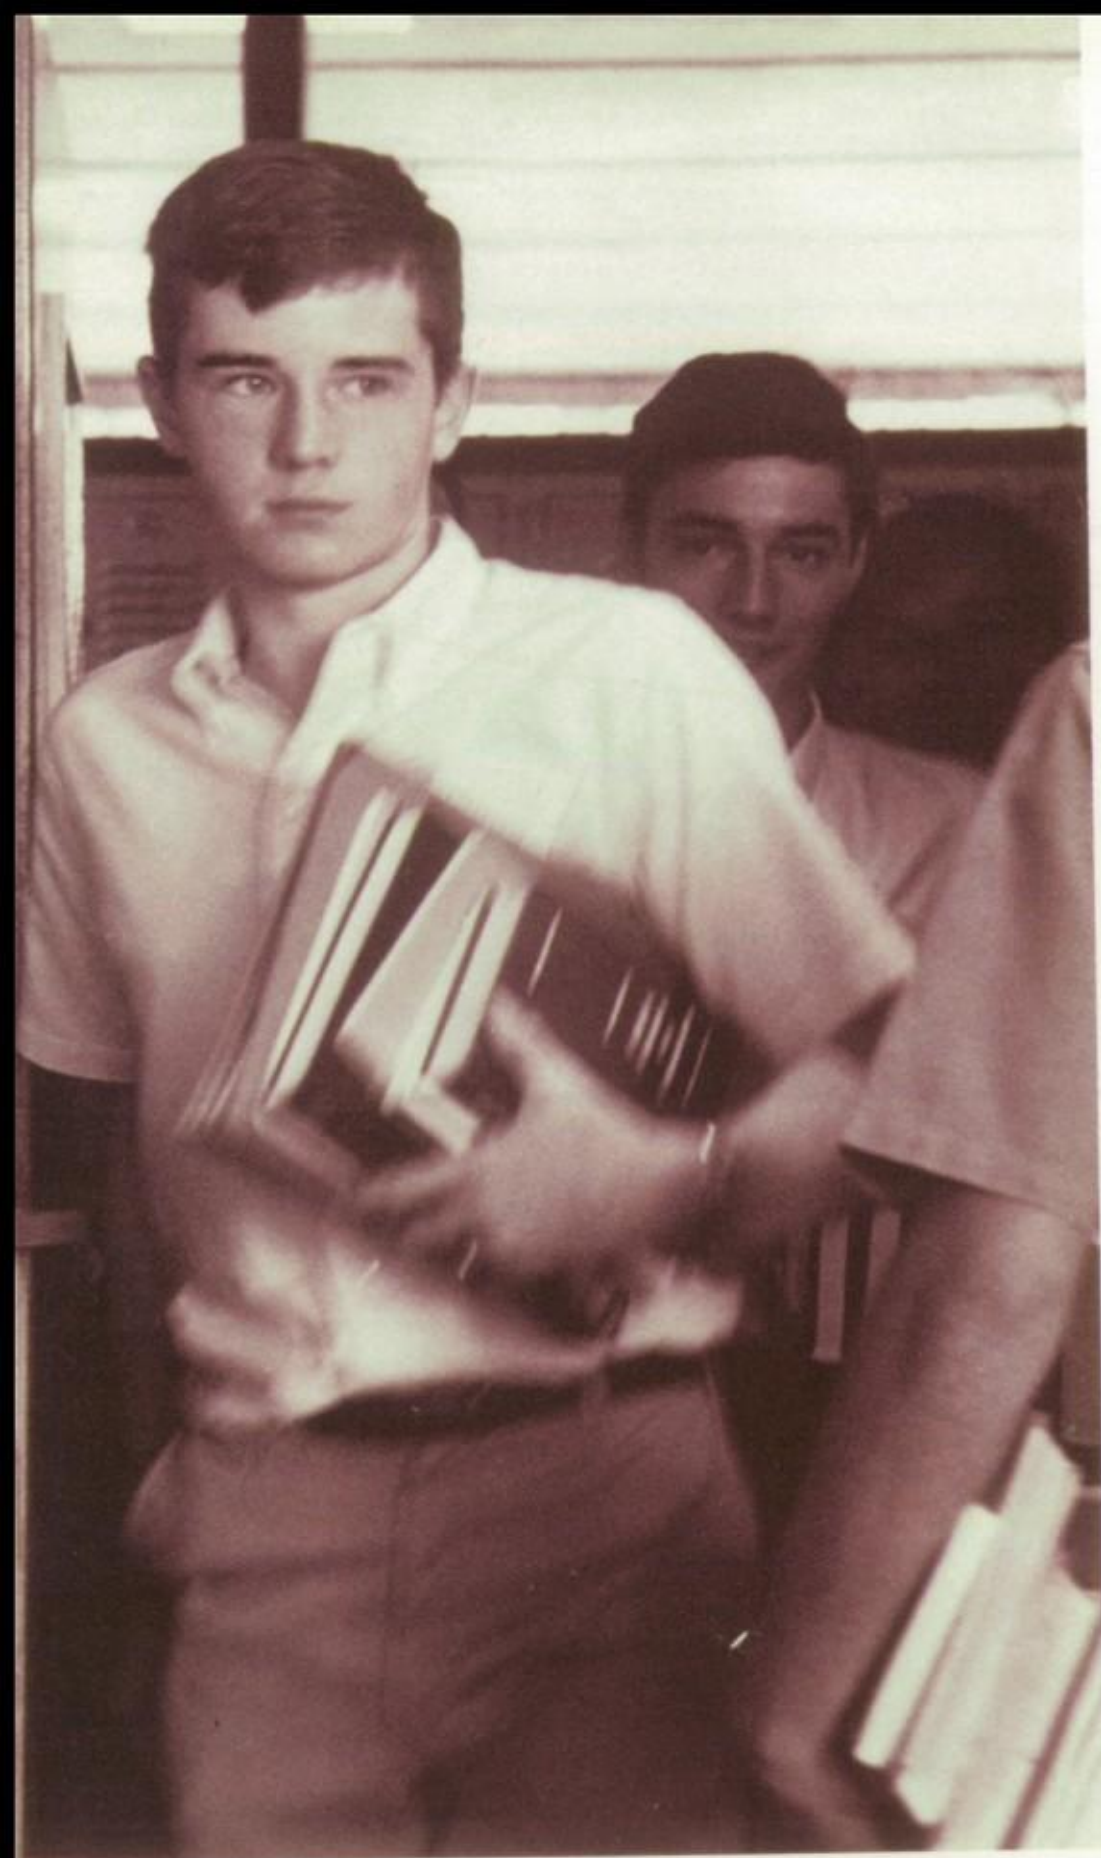

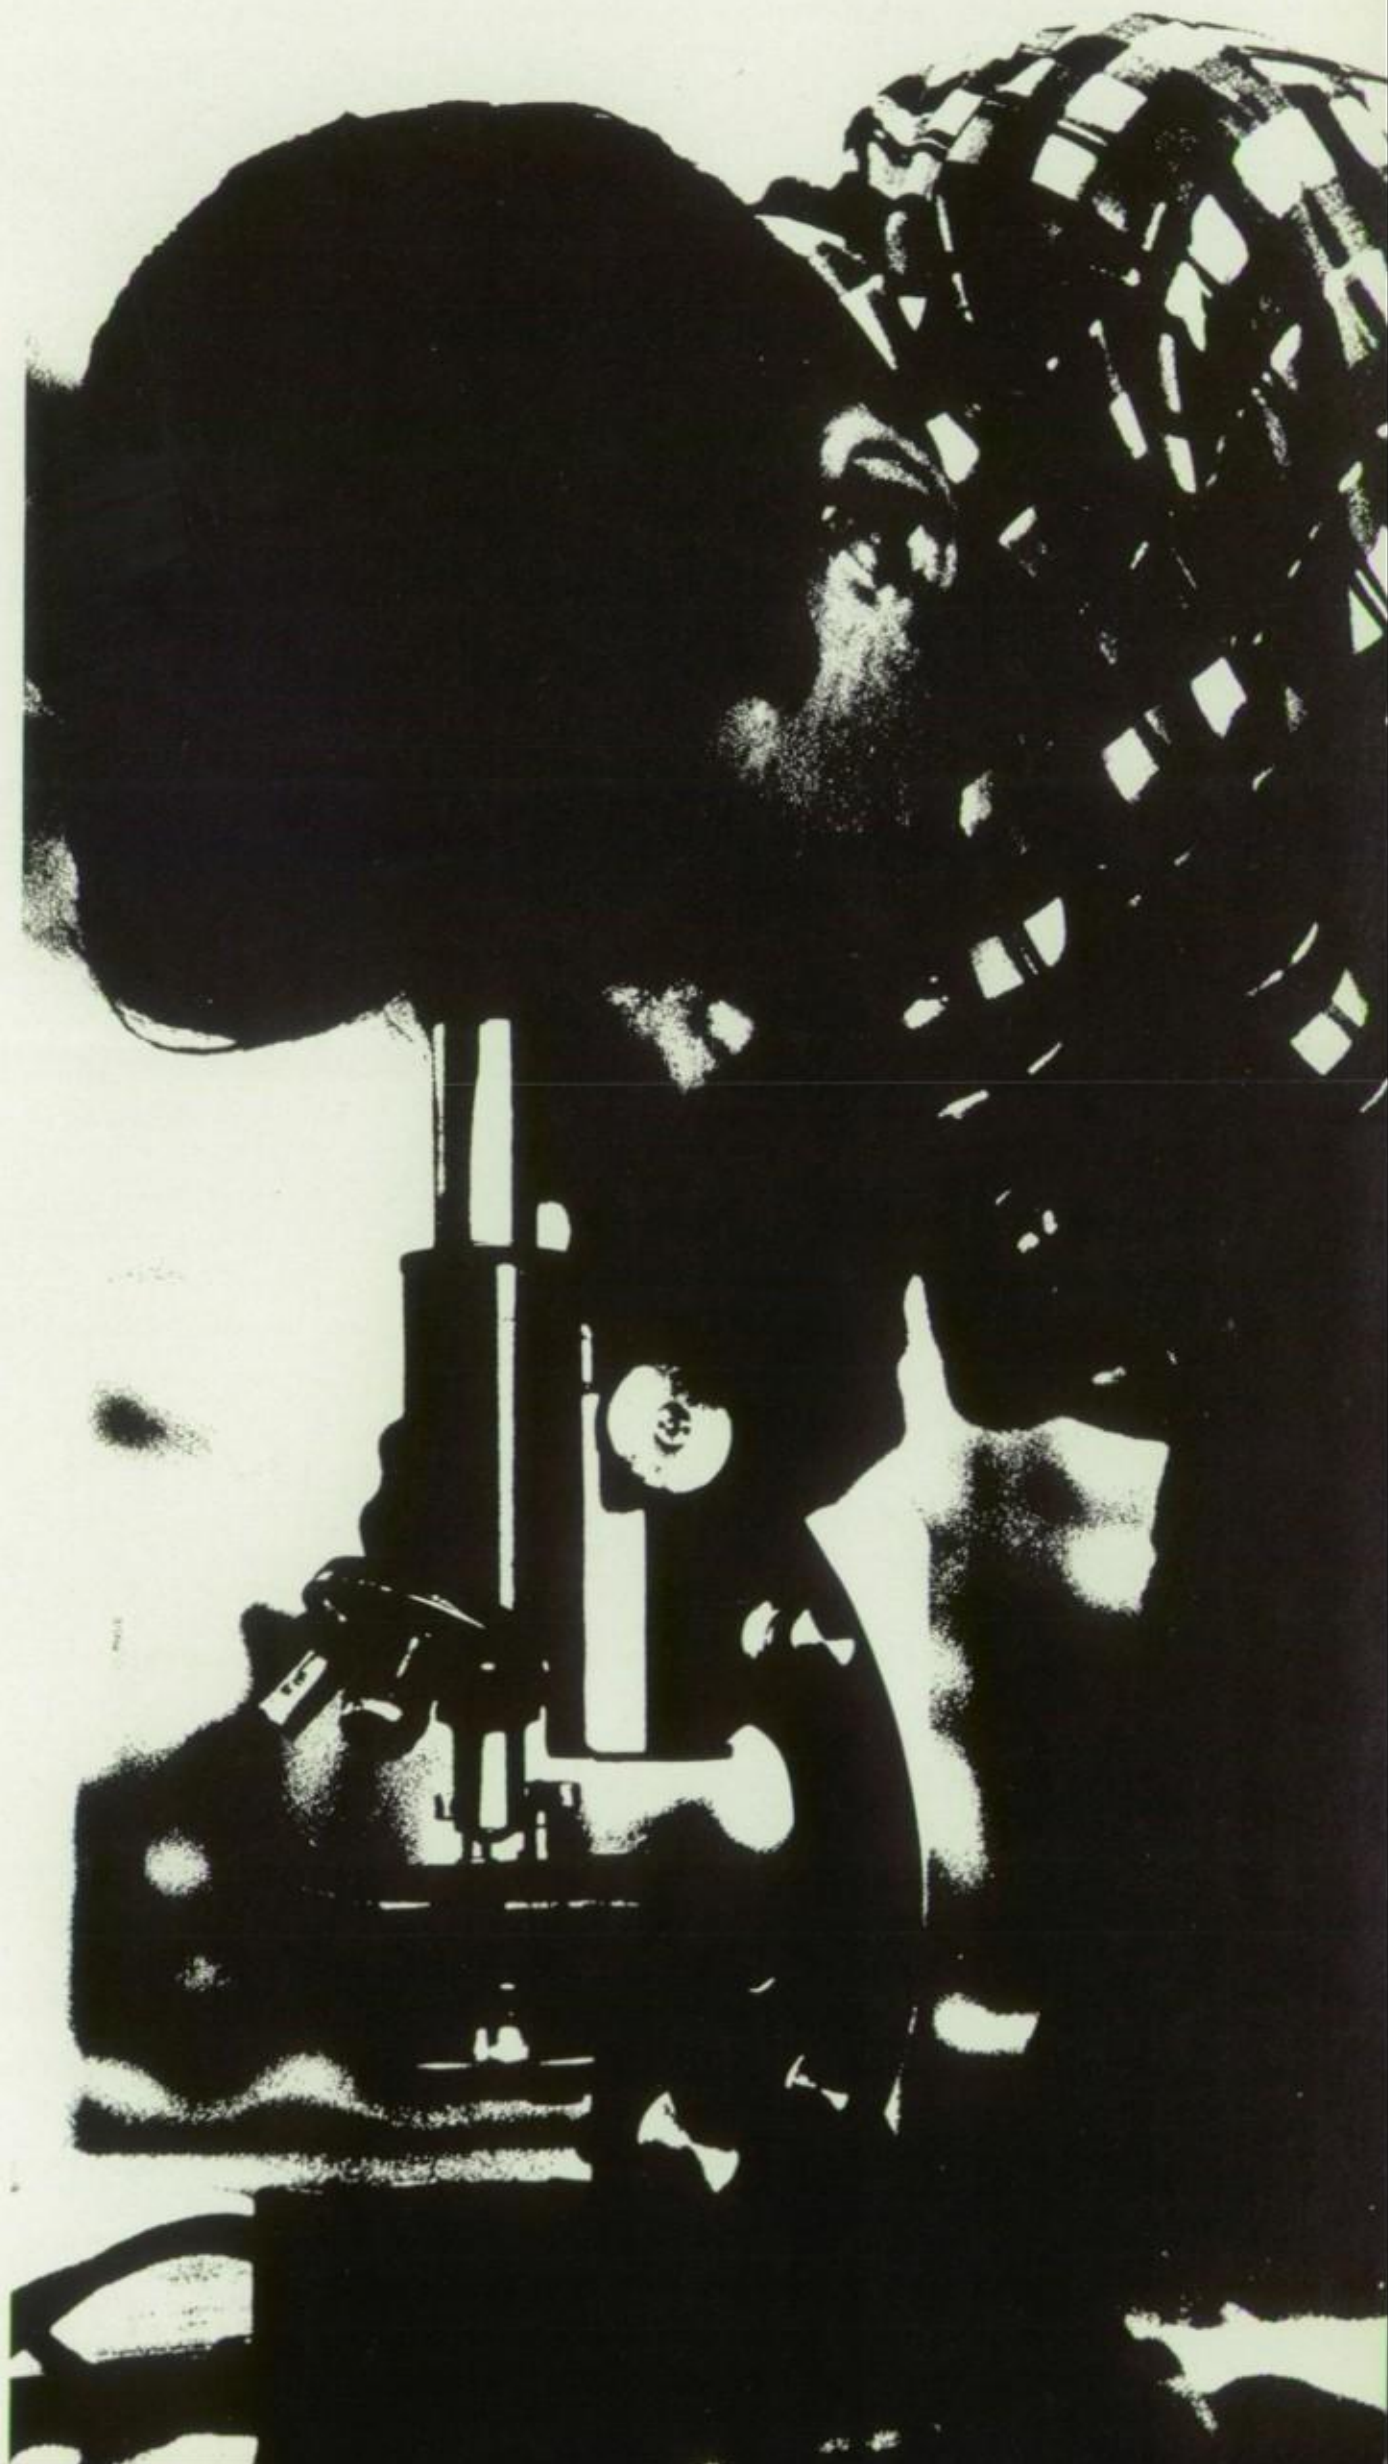

As this school term comes to a close, we pause to consider the number of changes brought about by another exciting, eventful year. One such change was the many new faculty members who have now become an integral part of the St. Patrick tradition. On these pages we present only a few of the fine teachers whom we hope will remain with us for many years to come.

## Long Awaited Dream

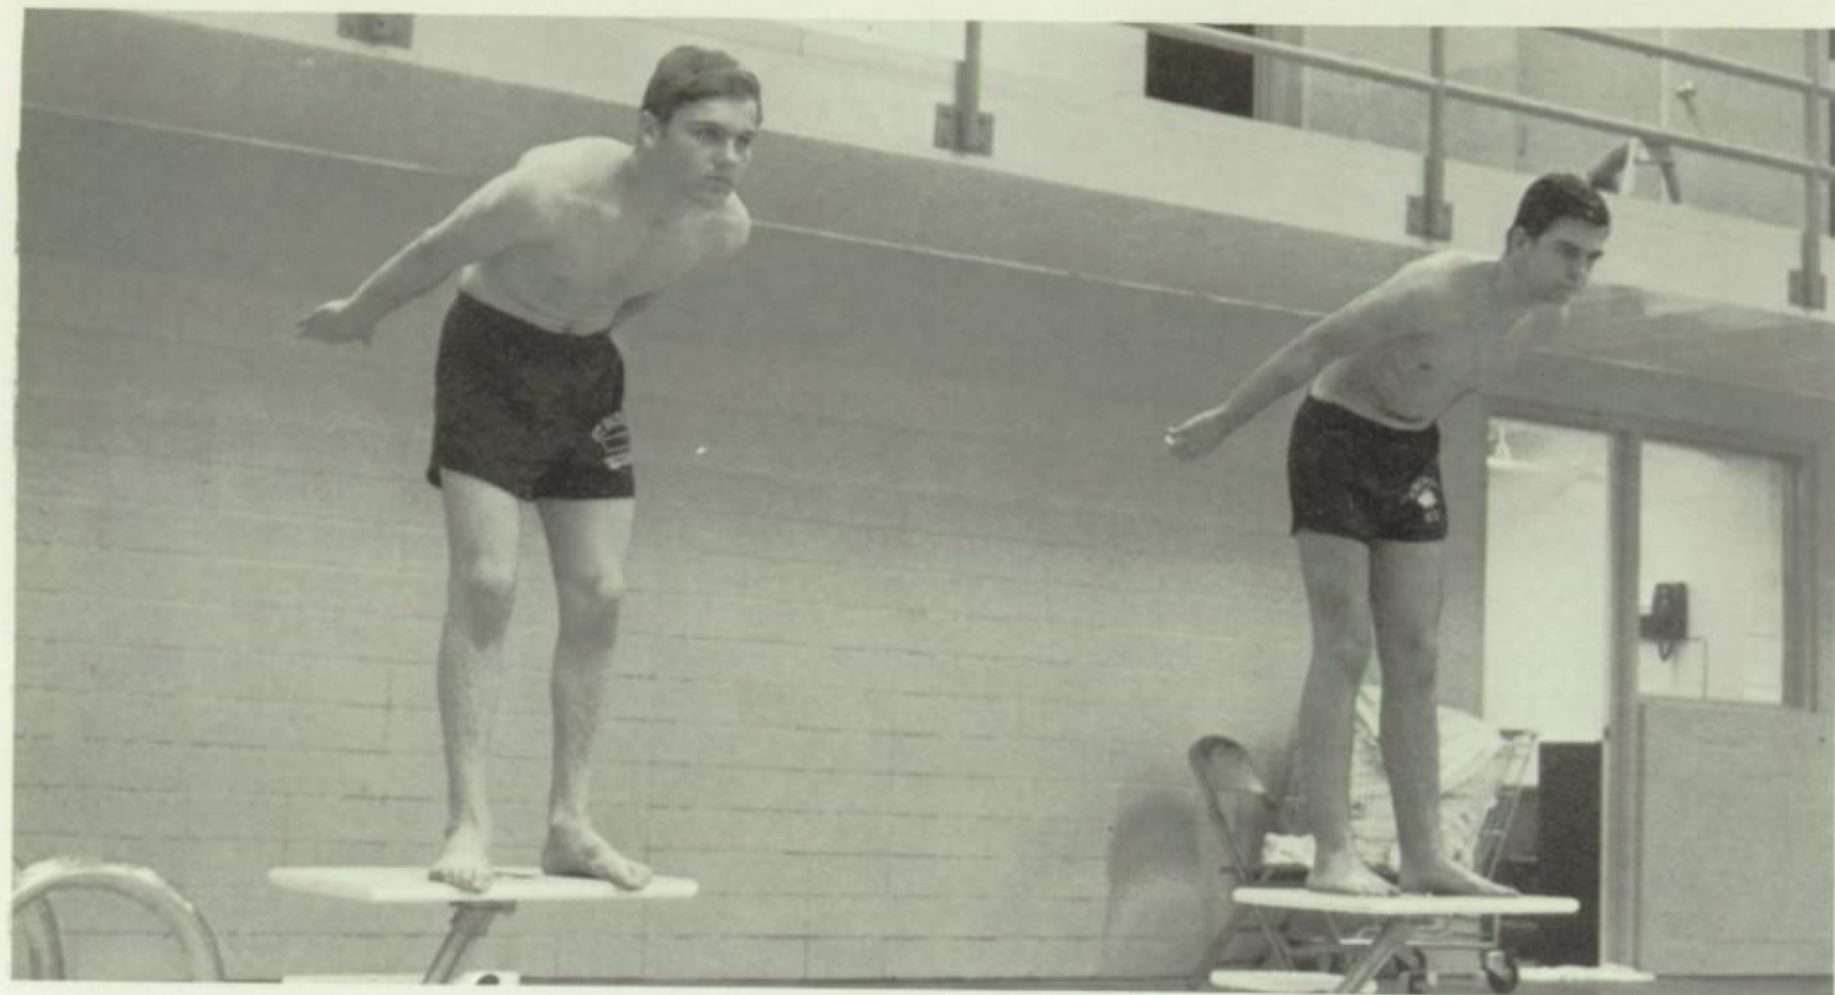

After a long but rewarding wait, St. Pat's reached another milestone this year with the opening of the swimming pool. Adjoining the gym, the pool is 75 ft. long, 42 ft. wide, and 10 ft. deep at its deepest point. All Patsmen take a swimming test and are placed in distinct categories according to their present level of ability. The students then progress in their groups until they pass the requirements of the program.

In addition to the pool, the building also contains two modern classrooms. One is used as a typing room and the other functions as a language laboratory. Above the locker facilities there are handball courts which will provide many hours of enjoyment to those interested students and alumni.

The opening of the pool naturally adds another sport to those already offered at St. Pat's. The swimming team will be a valuable asset to our athletic program and will add points to help us in our quest for the Brother I. Austin All Sports Trophy.

With the advent of the swimming pool, a new dimension has been added to the many faceted image of St. Patrick.

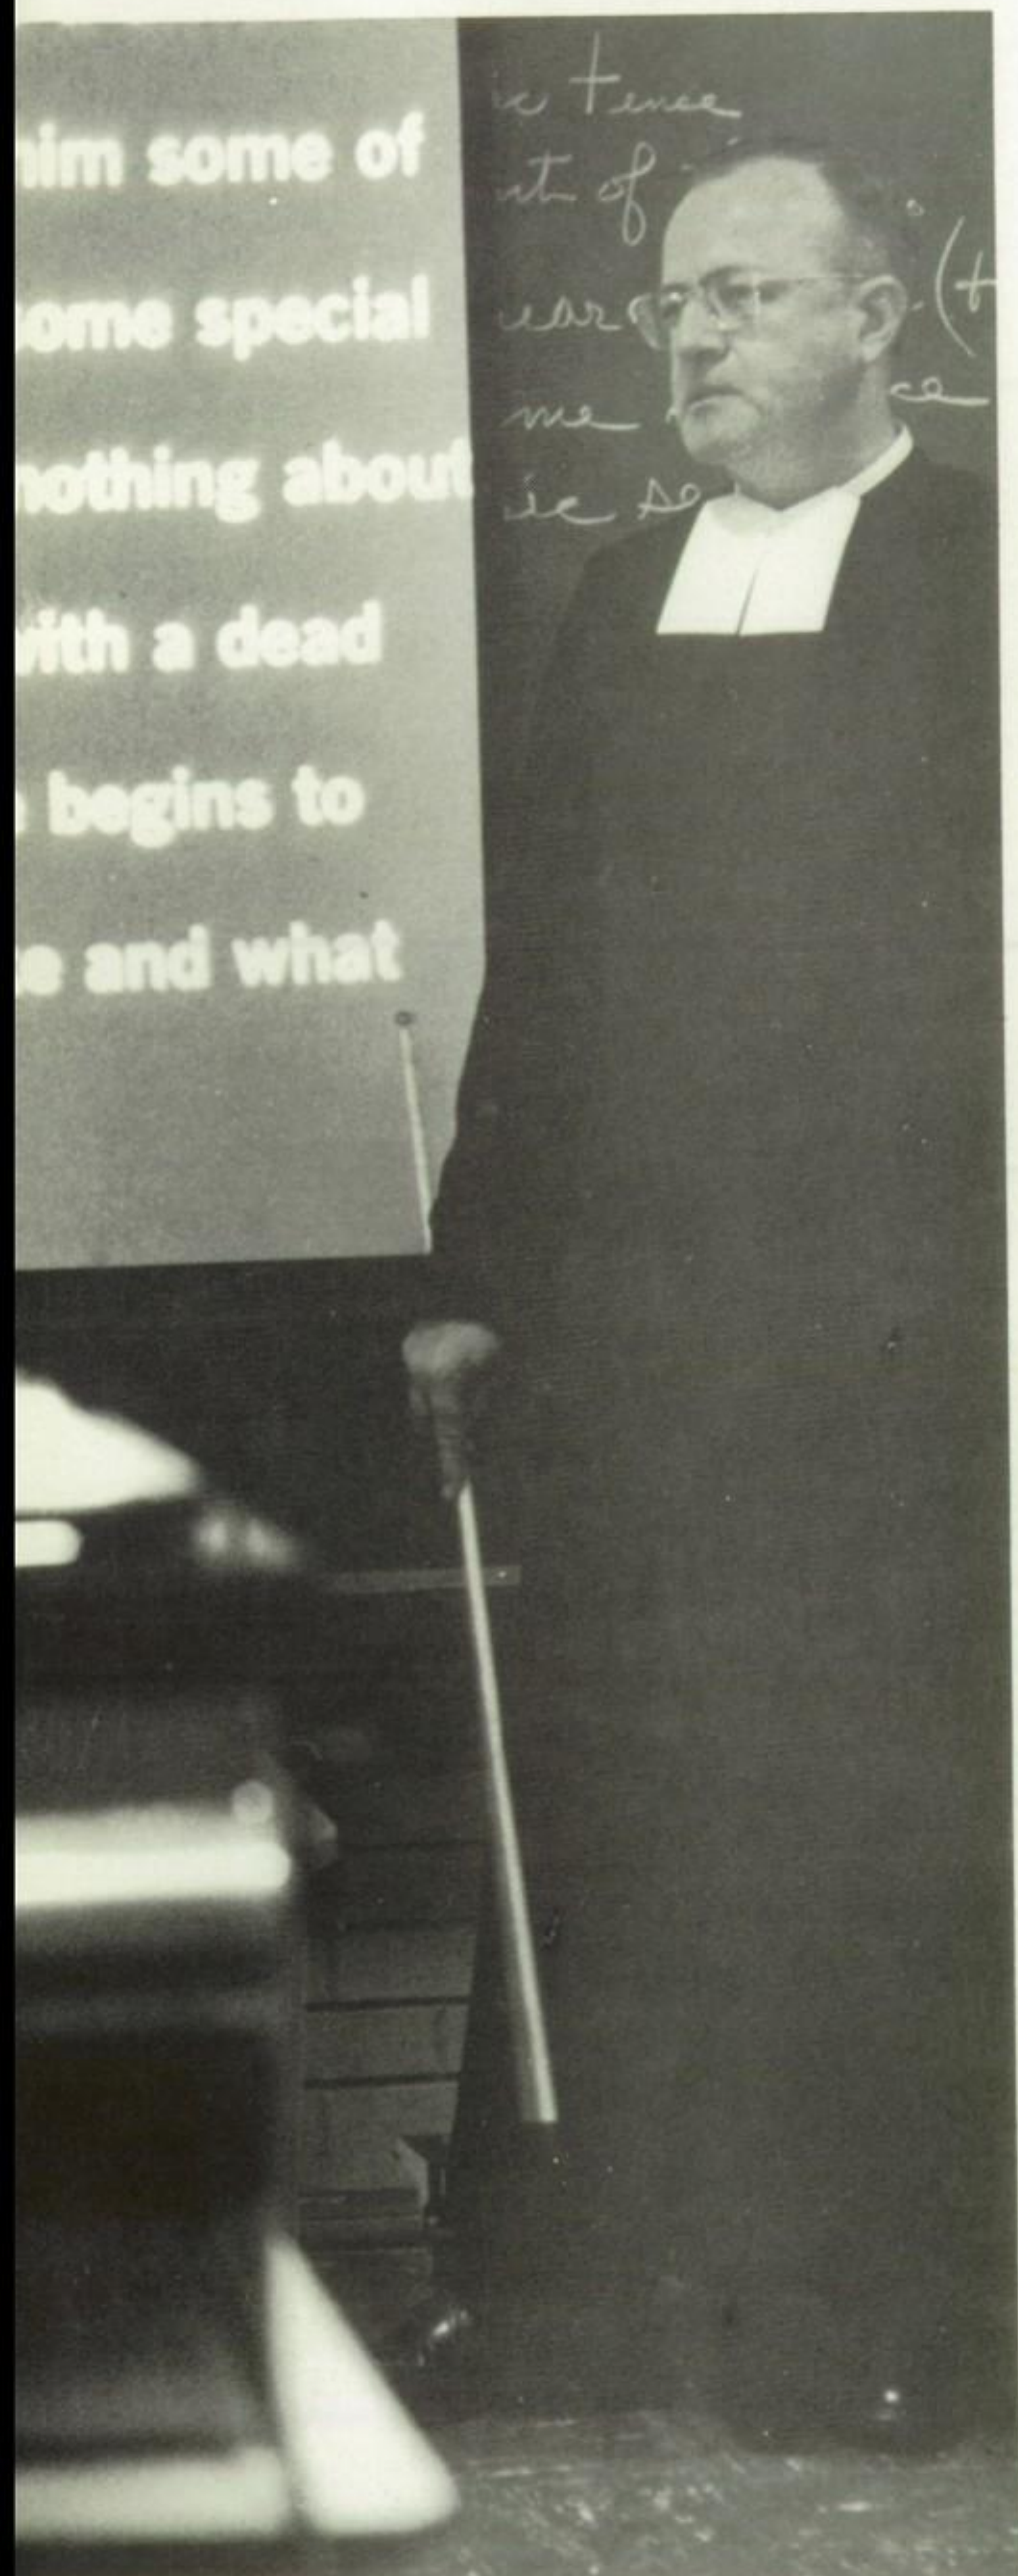

## Finally Materializes

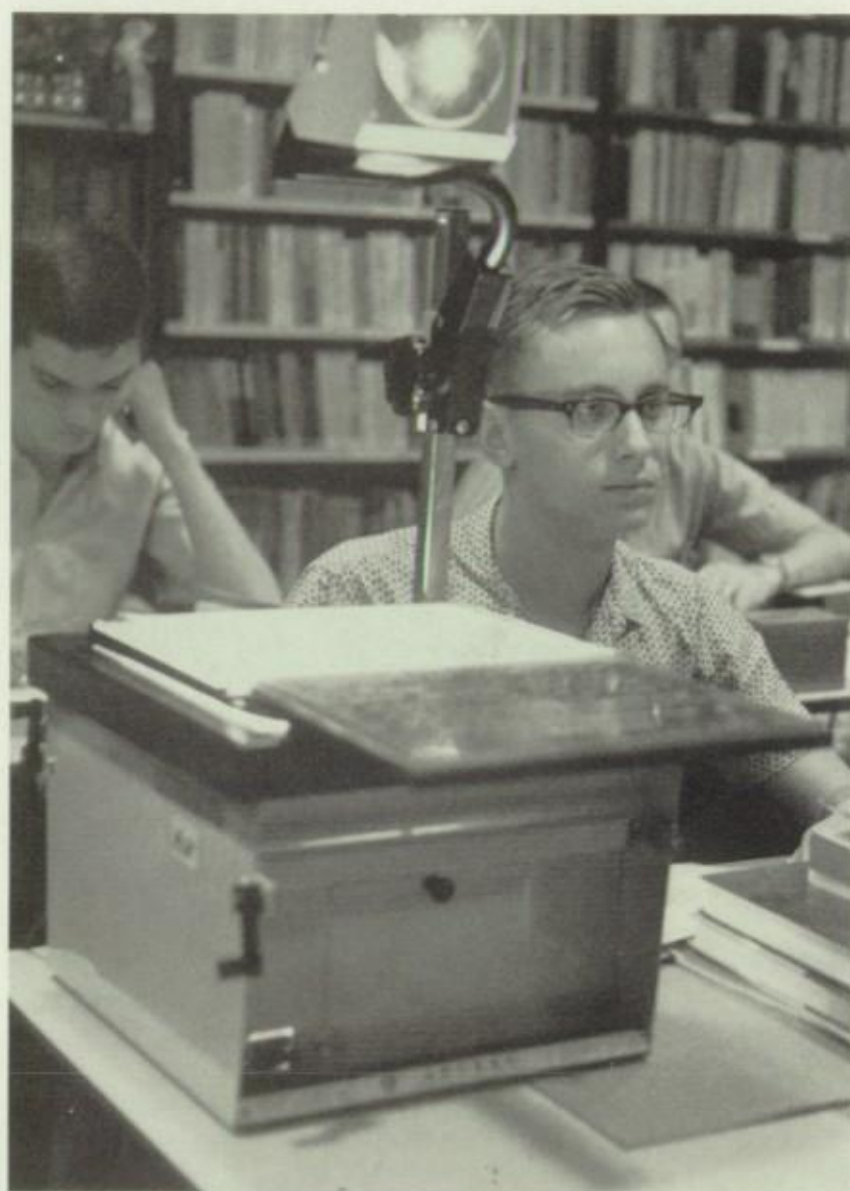

The Advanced Placement English program at St. Patrick's, modeled after a national program for the AP English courses, is taught by Brother Julian Martin, chairman of the English department. Utilizing the extensive facilities of Room 111, the course extends over a two-year period. The present group of fourteen juniors is the fifth class to enter the AP program.

A fundamental objective of the course is to teach the student the equivalent of a freshman college English course while still in high school. The program concentrates on an in-depth study of some of the world's greatest classics, coupled with instruction in comprehensive reading. This curriculum provides the student with a solid foundation in the basic areas of composition and literary study.

The culmination of the program comes in the spring of senior year. In early May the seniors take part in the advanced placement program tests sponsored by the College Entrance Examination Board. A high score on this test may often result in advanced placement with credit and sophomore standing in English at the college which the student plans to attend.

We take this opportunity to extend a sincere and well deserved tribute to the office, maintenance and cafeteria staffs for their services throughout the past year. The school office functions efficiently with the help of Mrs. Bobrowski, Mrs. Majewski and Mrs. Norris, who serve St. Patrick's with a spirit of friendliness and dedication.

Through the hard work of the maintenance staff, headed by Mr. Herman Wilkens and Mr. Earl Momsen, the physical plant is kept in top running order. We especially appreciate the way in which the school is serviced and kept clean and orderly at all times.

Finally, our sincerest thanks are extended to the cafeteria staff who so faithfully provided us with wholesome meals throughout the year. The efficient operation of a cafeteria is a challenging job for any staff, and we feel we have one of the best.

Mr. Herman Wilkens, Mr. Earl Momsen

## National Honor Society

Membership in the National Honor Society is the highest honor which can be accorded to a student at St. Patrick. Candidates for membership are judged on the basis of scholarship, leadership, character, and service. The JNHS, a provisional division of the NHS, accepts Sophomores for membership. If these members maintain the high standards which the NHS demands, they will be accepted into the organization. This year's able moderator is Brother H. George. Along with the help of the officers, he has made the society into a truly functional organization.

# Math Club

The Math Club, under the leadership of Brother John Moyer, has changed its function a great deal. In the past its members served as tutors for the underclassmen, but this is no longer the case. Instead, the members of the club engage in the study and solution of unusual mathematical problems. The members are given an insight into problems and solutions that they might never encounter in their present math courses.

The Computer Science Club, under the supervision of Mr. K. Janowiak, deals with a subject which has a great influence on our daily lives. The club members study the theory behind the new computer technology and the procedures used in the operation of computers. The Computer Science Club has proven to be a great asset to the scientifically inclined student.

## Chorus and

After much hard practice in conjunction with our chorus, the Notre Dame Senior Glee Club participated in Noel '67, this year's Christmas concert.

Hard work and determination have again brought forth another successful year for this year's Chorus. Under the direction of Mr. Edward DeLorenzo and Mr. Ronald Leopold, the Chorus has performed excellently in this year's concerts. At the Christmas Concert, the Chorus was assisted by the talented Senior Glee Club of Notre Dame High School.

The Dance Combo, under the supervision of Mr. Julian Glomb, has truly grown in importance and popularity at St. Patrick. From successful performances at concerts to playing at school assemblies, the Combo deserves every honor it has received.

## Cheerleaders

The Cheerleaders, under the supervision of Mrs. Connors, have truly fulfilled their purpose, that is, to instill into the students and our teams a winning spirit. Their natural leadership and organized cheers have made the student body one of the best cheering groups St. Patrick has ever had. The girls' dedication to the teams can be seen in their all out effort to arouse school spirit in each student. The success of our teams this year has shown the importance of the Cheerleaders.

## Biology Club

The Biology Club has steadily increased in size and renown in its eight years of existence. Mr. Bert Welker, the club's moderator, has provided students interested in biology with another excellent program this year. Activities of the club include numerous films and various discussions. The Biology Club also directs the annual Christmas toy drive which was again successful this year. The toys and sports equipment collected through the efforts of the club members are used to brighten Christmas for many needy children.

## Science Fair

The St. Patrick Science Fair is one of three which our students participate in during the year. Much interest has been stimulated in it by Mr. Welker and his faculty committee. This year, over two hundred students registered. Outstanding projects advanced to the Chicago Catholic District Science Fair and then to the State Exposition.

Under the direction of Mr. Patton Feichter, the Anthropological Society has grown in two years into one of the most active clubs in our school. Activities vary from interclub football to a variety of field trips. Working in close coordination with Alvernia High School, Mr. Feichter sponsors field trips which are both educational and enjoyable. Centering around anthropology, the club members learn about a variety of related fields.

# Spanish Club

With the help of its moderator, Brother Patrick, the Spanish Club has become an important facet of the St. Patrick student's extracurricular life. Adding to the intellectual atmosphere of the school, the club provides its members with an insight into the Spanish culture. Because this culture is one of the most important in the modern world, the Spanish Club helps to fulfill the need to understand our fellow man.

The Library Club, under the direction of Brother Joel, has the job of operating the St. Patrick library. This job is not as easy as some may think. It entails keeping in order more than twelve thousand volumes and keeping track of the books in circulation. Because of the efforts of the club, the library is an excellent source of information and entertainment for the students of St. Patrick.

## Library Club

Moderated by Brother Raphael, the Audio-Visual Club serves the faculty of St. Patrick in many ways. After a training program, it has enabled members of the student body to operate its equipment for the teacher when it is needed as part of the class program. The Audio-Visual Club also maintains this equipment, making available to the faculty at least two of the four projectors at any time.

# Astronomy Club

In the past the Astronomy Club has been one of the least publicized clubs at St. Patrick. However, under the direction of Brother Charles the Astronomy Club has developed into an interesting part of the extra-curricular life in the school. In addition to learning basic concepts of astronomy, members learn the theory behind the use of the telescope.

# Chess Club

Moderated by Mr. Patton Feichter, the Chess Club of St. Patrick is once again striving to maintain a maximum level of challenge for its members. This is accomplished by both intra-member and intra-school tournaments. Although possessing a small membership, the Chess Club is important because it adds to the cultural atmosphere of the school.

# Sheen Club

The Sheen Club, which includes both debate and speech, is the school's most active academic organization. The moderators, Mr. Dix and Mr. Bell, have continued the winning tradition of the club, which can be attributed to their efforts and the capability of the various members.

The function of the Officials Club is to referee at intramural sports events. In the past few years the club has grown in capacity and quality. Under the supervision of Coach Buscarini, the Officials Club has truly helped to improve the intramural program here at St. Patrick. Proof of this improvement can be seen in the good organization of the intramural games. During a game an official may receive some criticism; however, the satisfaction of doing a good job plays a much bigger role.

# GREEN & GOLD

Under the able supervision of a new moderator, Mr. McCutcheon, the Green and Gold has surpassed its past level of quality in news content. In addition to effectively reporting the news and events of the past year, the newspaper has developed into an important means of expressing opinions of the student body and the administration. The quality of the Green and Gold is clearly shown by the students' eager anticipation of each issue.

## Creative Writing Club

St. Patrick's Creative Writing Club is dedicated to the presentation and discussion of original literary works as well as to the study of literary techniques and philosophies. Under the direction of Mr. Wenglinski, it hopes to publish a collection of poetry, short stories, book reports and essays at the end of the year. It is one of the few clubs left in the school dedicated to the furthering of creative art.

## TV Club

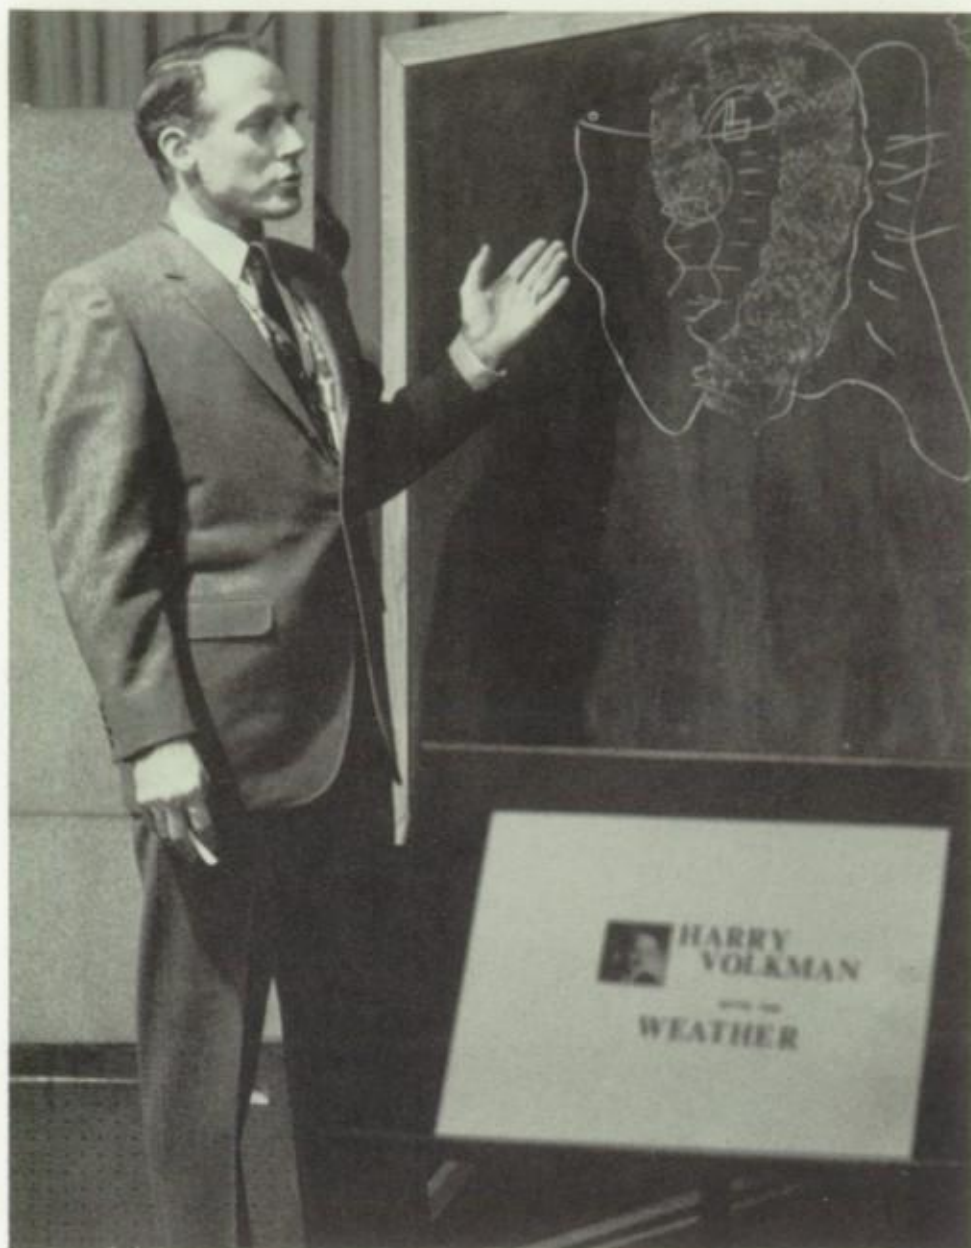

This year the Television Club has been responsible for a new outlook in broadcasting over WPAT-TV. Due to the efforts of the moderator, Mr. Moorhead, such men as Floyd Kalber and Harry Volkman appeared at the station. The Television Club is an excellent opportunity for learning and experimenting that often leads students to seek careers in radio and television broadcasting.

Bro. Mark Wagner, Moderator; Mrs. Joseph Wemlinger, Recording Secretary; Mr. Henry Ostriker, Vice-President; Mr. John Bucaro, President; Mr. Robert Bauer, Treasurer; Mrs. Helen Zlotek, Corresponding Secretary.

It had long been a dream of the staff of WPAT-TV to see, hear and work with a professional in the field of television. This year that dream was realized.

On Tuesday, October 10, Mr. Harry Volkman of WGN came to St. Patrick's and graciously conducted a program over our closed circuit station. Mr. Volkman spoke on the various types of weather and their origins. He also talked on meteorology as a career.

On Thursday, November 30, the club members were privileged to have as their guest Mr. Floyd Kalber of NBC. Mr. Kalber addressed the audience on the art of newscasting and how to prepare for entrance into the field. After the show he was kind enough to stay and chat with members of the club and answer their questions. He further demonstrated his generosity by issuing the members an invitation to be his guest at NBC.

The television crews who worked on the shows and the members of the club will not forget the visit of Mr. Kalber or Mr. Volkman. The dreams the students had are now happy and rewarding memories.

## Homecoming

On October 8, 1967 the annual St. Patrick Homecoming took place. The floats and many car decorations which made up the parade were among the best in years. The Shamrocks won 14—12 against the Marion Catholic Spartans. Later in the evening everyone enjoyed the sock hop and the presentation of the queen and her court.

The Student Council presented the second annual Christmas dance on December 22. The colorful decorations, featuring a 16-foot Christmas tree made it truly a "Wonderland by Night."

Every year, St. Pat's has held several successful soc hops. Most of the credit for this success has to go to two of the school's hardest working groups, the stage crew and the Art & Poster Club. Although not many people realize it, these two groups are behind all the work that goes into the soc hops. The psychedelic lighting effects, and the promotional posters used for advertising upcoming social events are only two of the jobs handled by the multi-talented members of the stage crew and the Art & Poster Club. In short, the indomitable spirit of these two organizations is the reason why the soc hops, concerts, plays, and other functions of the school have always been so rewarding and successful.

**SPORTS**

This year our two new coaches, Mr. Larry Scannell and Mr. Pete Schmidt, made a winner out of what many considered to be an inexperienced team. By instilling a "get tough" spirit in the team, Coach Scannell was able to lead the Shamrocks to an impressive 5—2—1 record and the C.P.L. Championship.

In the season's opener, the boys from the big city showed the Purple Knights of Beloit Memorial, Wisconsin, just how rough they were by trouncing them 13—0. Larry Niwa faked a hand-off and confused Beloit as well as the referees. At Thornton, in the second exhibition game, the team showed their true spirit by scoring on a late drive to play to a 14—14 tie against the Wildcats.

green power

# 1967 c.p.l. varsity football champs

League play proved exciting as in the first game when Tom McKiernan intercepted three passes as the Shamrocks scalped the Redskins of Marist High 21—0. After tying Thornton the team beat a surprisingly strong Marian Catholic by a score of 14—12 at Lane Stadium during the Homecoming game. A week later, Bill Dembinski recovered a fumble which rallied the squad to a 21 point second half against an inspired St. George team. This enabled us to defeat the Dragons 21—18, thereby dampening their homecoming spirits.

RUGGED ACTION in the mud was the theme of the St. Patrick High vs. De La Salle donnybrook at Soldier field Sunday, as you can see in above photo. On this play, a De La Salle back tried to ram through the Shamrocks' line, without too much success. St. Patrick's won this soggy gridiron, 9-0.

## Shamrocks Top Metors, 9-0; Clinch at Least Tie in CPL

It took a year but the [doubly sweet since it assured] Nov. 5 at Eckersall stadium

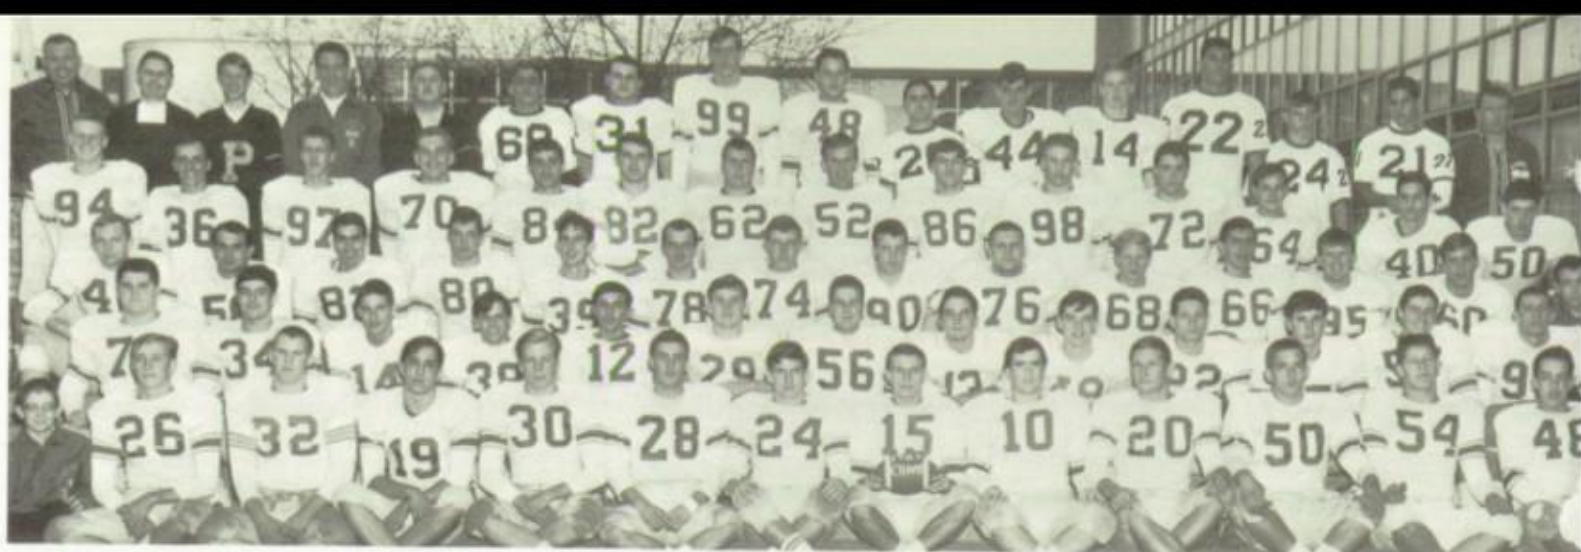

On October 29, the Shamrocks squelched the fire of the defending league champions, the De La Salle Meteors, in the wind and rain of Soldiers Field by a score of 9—0. Mark Puczynski's field goal and a second period touchdown by Mike Romanelli were all the points needed as the defense held the "mighty" Meteors scoreless. In recognition of this outstanding victory the Shamrocks were named the "WLS—7-Up High School Football Team of the Week." In the final league game, the team was upset by St. Viators, 12—0 on the cold, snowy field of Arlington High School. Concluding the season, the Shamrocks played one of their best games of the year, nearly beating the state ranked Peoria Spaulding. The team scored three touchdowns in the third quarter, but a fourth period touchdown decided the game in favor of the Irish, 26—21.

For this reason many underclassmen have been swimming in Varsity events. This year's goal has been one of gaining experience and cutting down on times. With the solid foundation being formed in our swimming and diving teams St. Pats can look forward to many rewarding years in these sports.

# carbondale '67

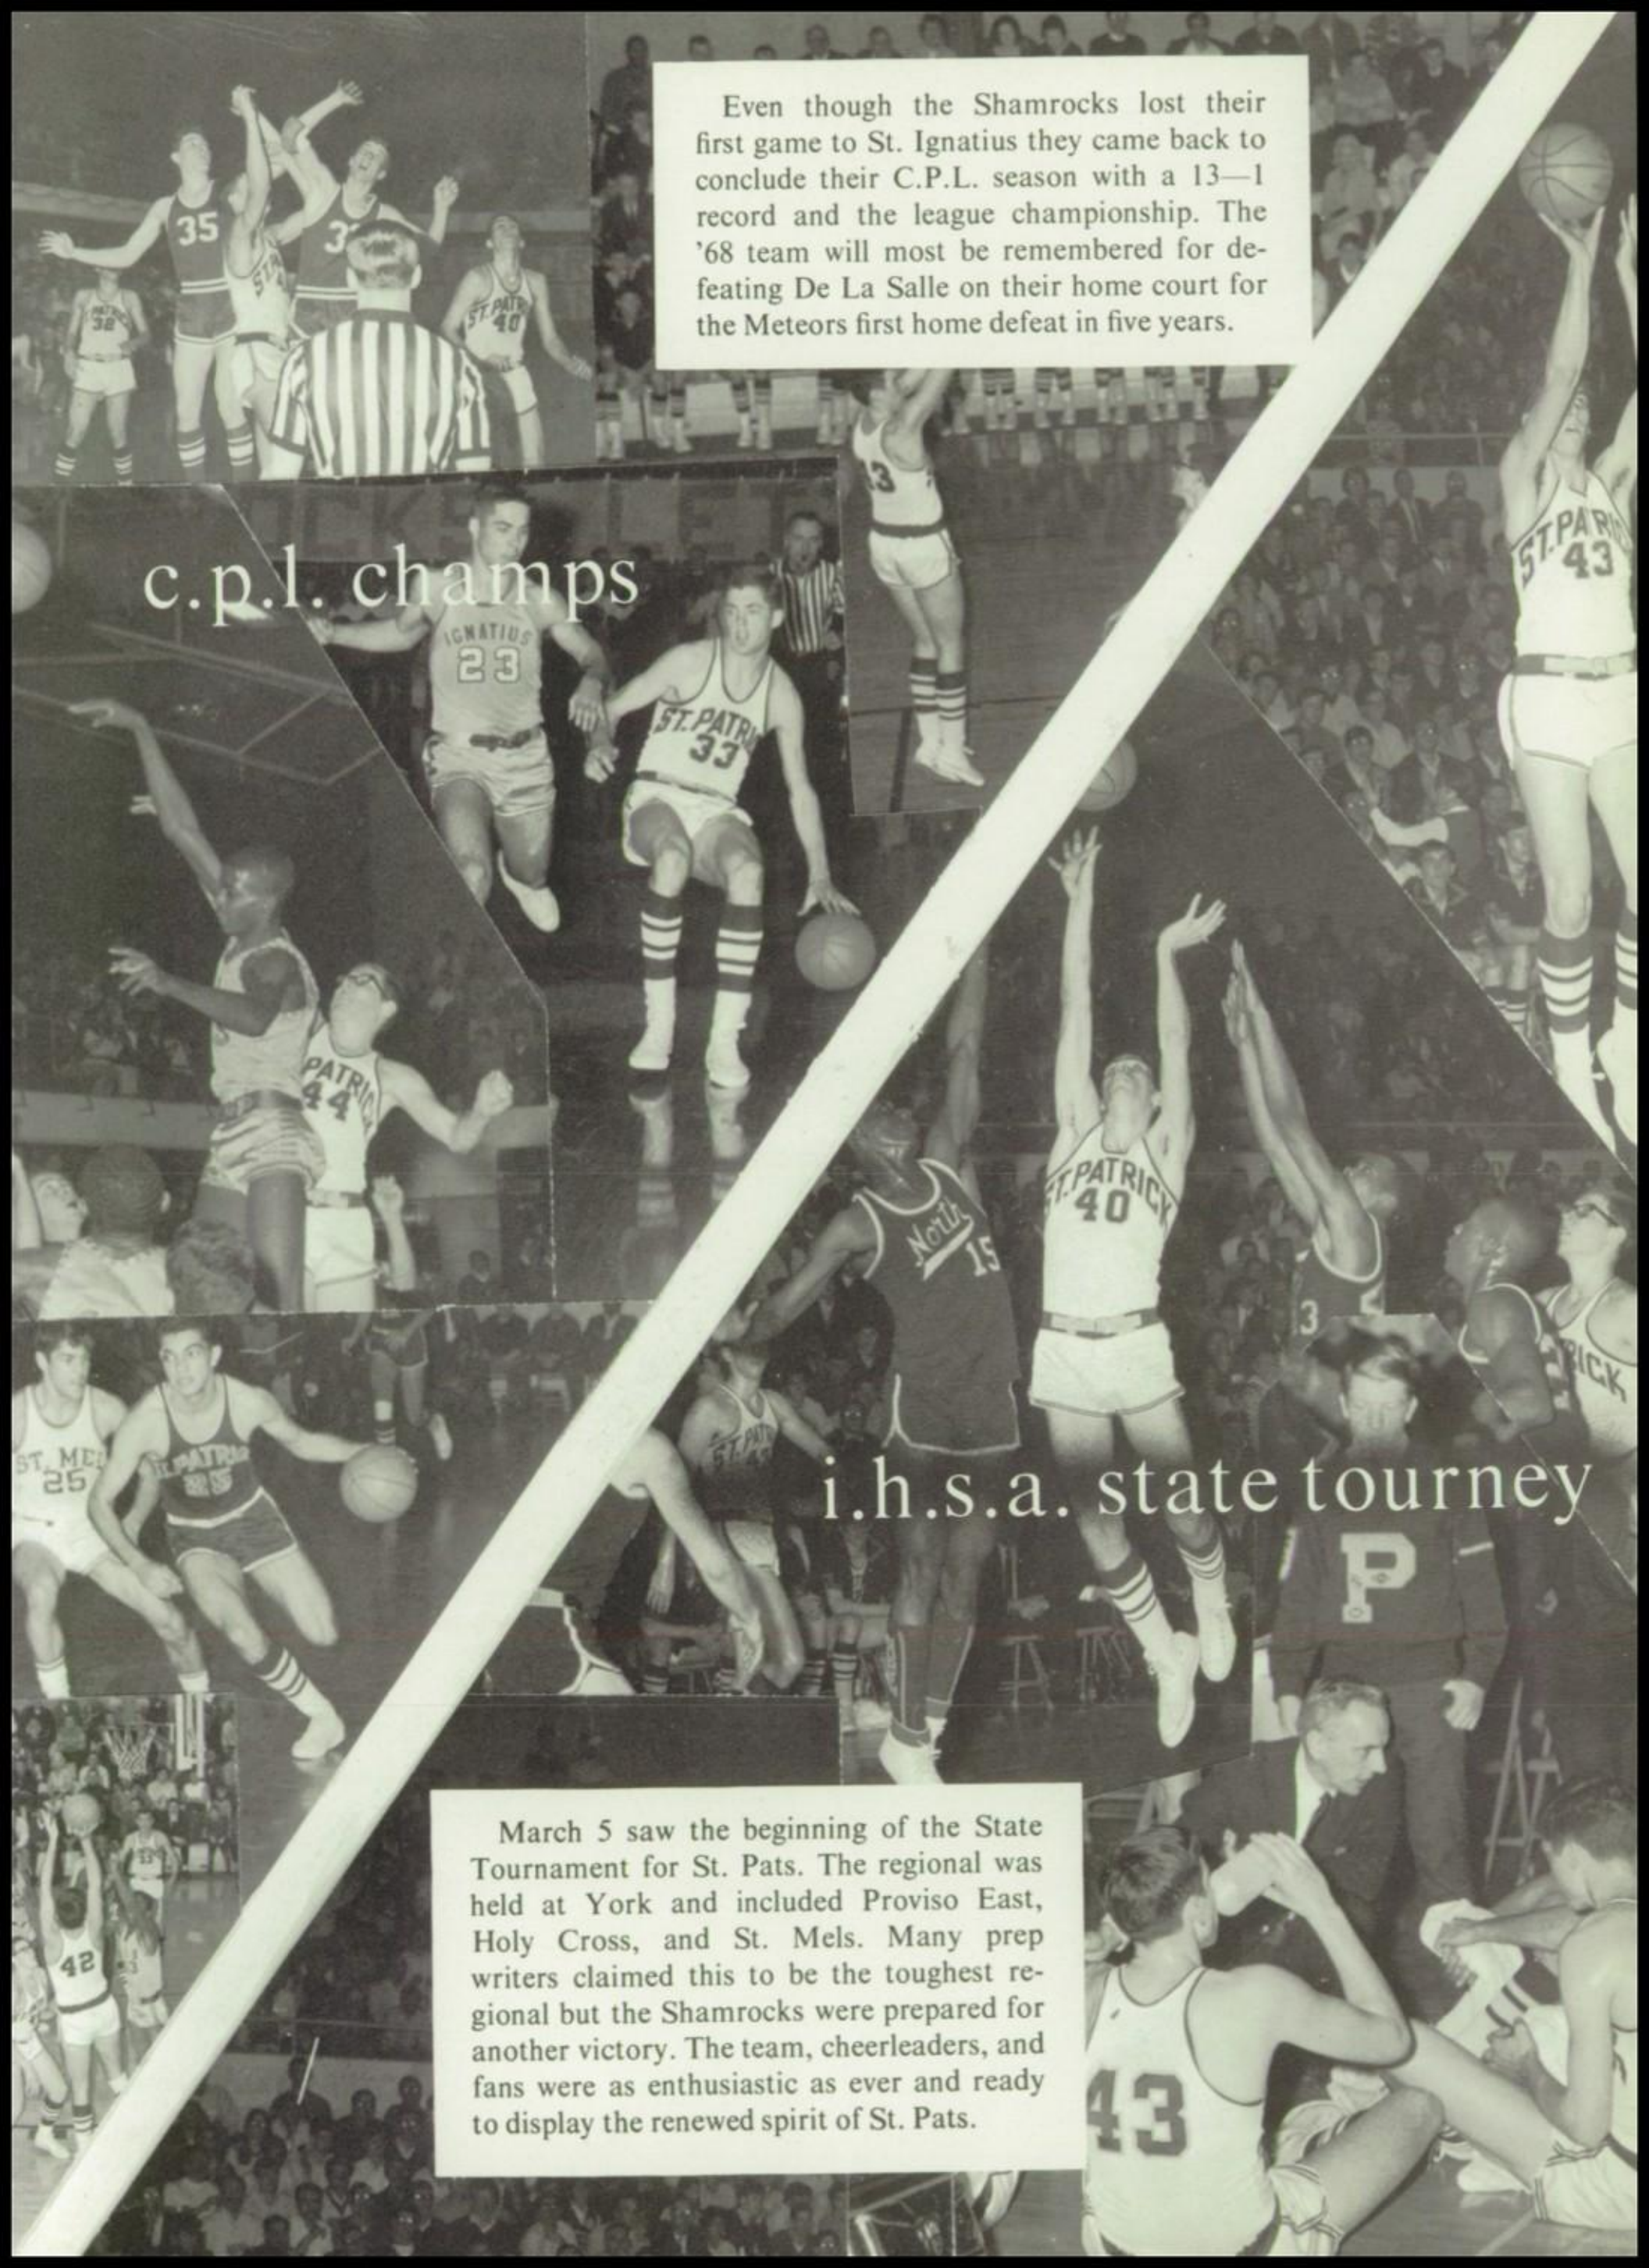

With 40 loyal fans following them, the Shamrocks entered the Carbondale Tournament defeating Johnston City in the first game. However, they dropped their second in a battle, which was close until the last quarter, to Alton as six Shamrocks fouled out. Six tournament records were set including most fouls per game, 68, while most of the spectators became quite dissatisfied with the referees.

The Shamrocks began the Thanksgiving Tournament by defeating two rivals, Holy Cross and St. Mels on our home court. The team was playing well but they weren't prepared to meet De La Salle in the semi-finals. "D" won in a rough game but the Shamrocks came back to defeat Woodstock to return with the third place trophy.

# thanksgiving tournament

Even though the Shamrocks lost their first game to St. Ignatius they came back to conclude their C.P.L. season with a 13—1 record and the league championship. The '68 team will most be remembered for defeating De La Salle on their home court for the Meteors first home defeat in five years.

March 5 saw the beginning of the State Tournament for St. Pats. The regional was held at York and included Proviso East, Holy Cross, and St. Mels. The team, cheerleaders, and fans were as enthusiastic as ever and ready to display the renewed spirit of St. Pats.

# hey! we're happening! 21—5

Our '67-'68 Cagers ended their season 21—5, undefeated at home. Their success can be attributed to a versatile team and the enthusiastic students who crowded into the gym for virtually every game. The 1967 Harriers, under the guidance of two new coaches, Mr. Gabauer and Brother Eugene Diemer, have worked many months and run many miles to produce a strong team. Competing against some of the fastest teams in the area, the Varsity finished the season with a 4—7 record for dual meets, third place in the C.P.L., and ninth place in the state district meet. On an individual basis, many of the boys received awards for outstanding finishes.

## matmen progress with new talent

This year the Varsity Wrestling Team got off to a slow start due partially to the lack of experience of the returning seniors. The Matmen won, tied, and lost several matches until they were beaten by a strong Orr team, but that was the last defeat of the season. The boys went undefeated for the remainder of the season to gain the Chicagoland Prep League Co-Championship with Marian Catholic. The Frosh-Soph team concluded their season 14-0 with first place in the C.P.L.

The excellent coaching of Mr. Frank Pasquale and Mr. John Champagne was invaluable in helping the team overcome its early season slump. It appears that the new coaches have created a solid foundation for years to come.

The Tennis Team is fortunate to have a number of returning Lettermen this season. These Seniors, comprising the backbone of the team, have experience which will be valuable to them in their matches. With a new coach, Mr. Joe Schmidt, and a winning attitude the team is confident of a successful season.

## golf team shows style

Each spring finds the Golf Team eagerly awaiting the start of another season. Returning this year is a group of Seniors with Varsity experience and some very promising underclassmen. Last year, after a good race, the team finished third in C.P.L. competition. This year, however, the team expects to fight for the championship and with their desire and talent it would be difficult to see their aspirations go unfulfilled.

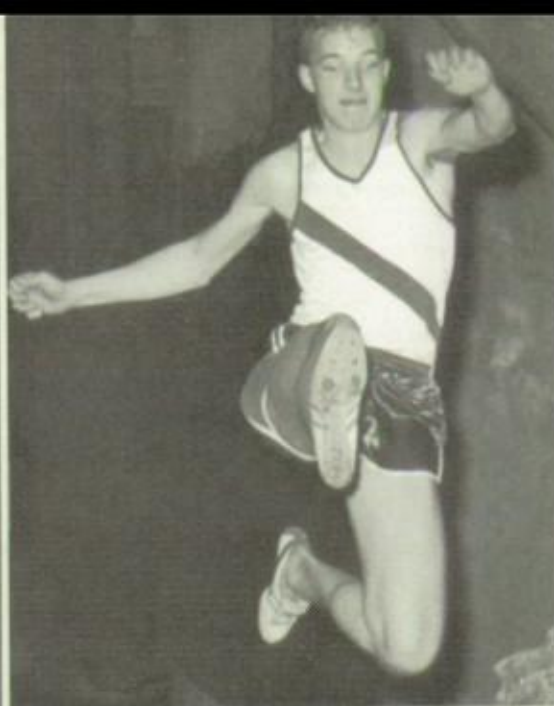

*ROW 1: M. Borowski, R. Karst, W. Neurauter, A. Wlodzimierski. ROW 2: G. Steffens, L. Kukla (Capt.), J. Neurauter, R. Amenitsch, D. Schaefer, Mr. Joseph Schmidt (Coach).*

## bowling team scores high

Under the expert coaching of Mr. Schultz, the Bowling Team has enjoyed a banner year. After defeating St. Ignatius, their chief rival, they were left in sole possession of first place in the C.P.L. With many consistently high scorers, the team is the best we have seen in years.

The Frosh-Soph team following the Varsity's example has the number one spot in the league and will apparently contribute many excellent bowlers to form a first class Varsity for several years.

## trackmen keep opponents

Starting with new coaches, techniques, and workouts, the Track Team has improved greatly since last year. Practice began in mid-November under the coaching of Mr. Gabauer, the distance coach. By January the workouts were divided up as Mr. Ferguson trained the sprinters and Brother Eugene worked with the field events. By the time the season ends in May a sprinter will have run 300 miles while a distance runner will have gone over 1000 miles.

The indoor season began with a meet against University High. Later at the Oak Park Invitational, Tim Cromley won the two mile event and Cornelius O'Shea placed second in the mile. With seniors Jim Kopec in the quarter, Terry Schultz in the sprints, Bill Cikanek in the shot-put, and many talented juniors the team will be a real challenge to other schools. The many meets scheduled should give the Cindermen the experience necessary to score high in the C.P.L. meet in May.

The Frosh-Soph team has much talent and will develop into a real winning team in the near future.

## ACKNOWLEDGEMENTS

The editors and staff of the 1968 La Croix wish to express their thanks to the many people who aided them in their endeavor. Special gratitude goes to Mr. Edwin C. Hackleman of American Yearbook Company and Mr. Leonard Novak of Root Studios for their assistance. We also wish to thank our moderator Mr. Paul J. Riley for his time and effort in helping us put the book together.

# THE MISER

"The Miser," Moliere's excellent farce, was a reflection of the absurdities which arise from avarice, and some comic situations resulting from negotiated romance. Dean Showalter's interpretation of the miser was flawless and the slapstick comedy, regularly injected, helped to keep the play attractive to the younger members of the audience.

The costume and scenery was that of a 17th century French setting and the general dialogue although a little archaic, was quite digestible to a modern audience. The play itself, although unfortunately delayed on its last two performances, was quite well accepted and will surely be remembered as one of the best.

## AN EVERLASTING MOMENT

It was written, "Perfect evenings are few," but for the Class of 1968, Friday, May 10 will live on in their memories as one of those perfect few. The luxurious atmosphere of the Marina Towers Ballroom, the soft and inviting arrangements of The Ben Arden Orchestra the fast moving "sock it to me" sound of The Growing Concern, along with the comical wit of Wes Harrison all contributed to making the Senior Prom a truly "Everlasting Moment" for each and every Patsman there.

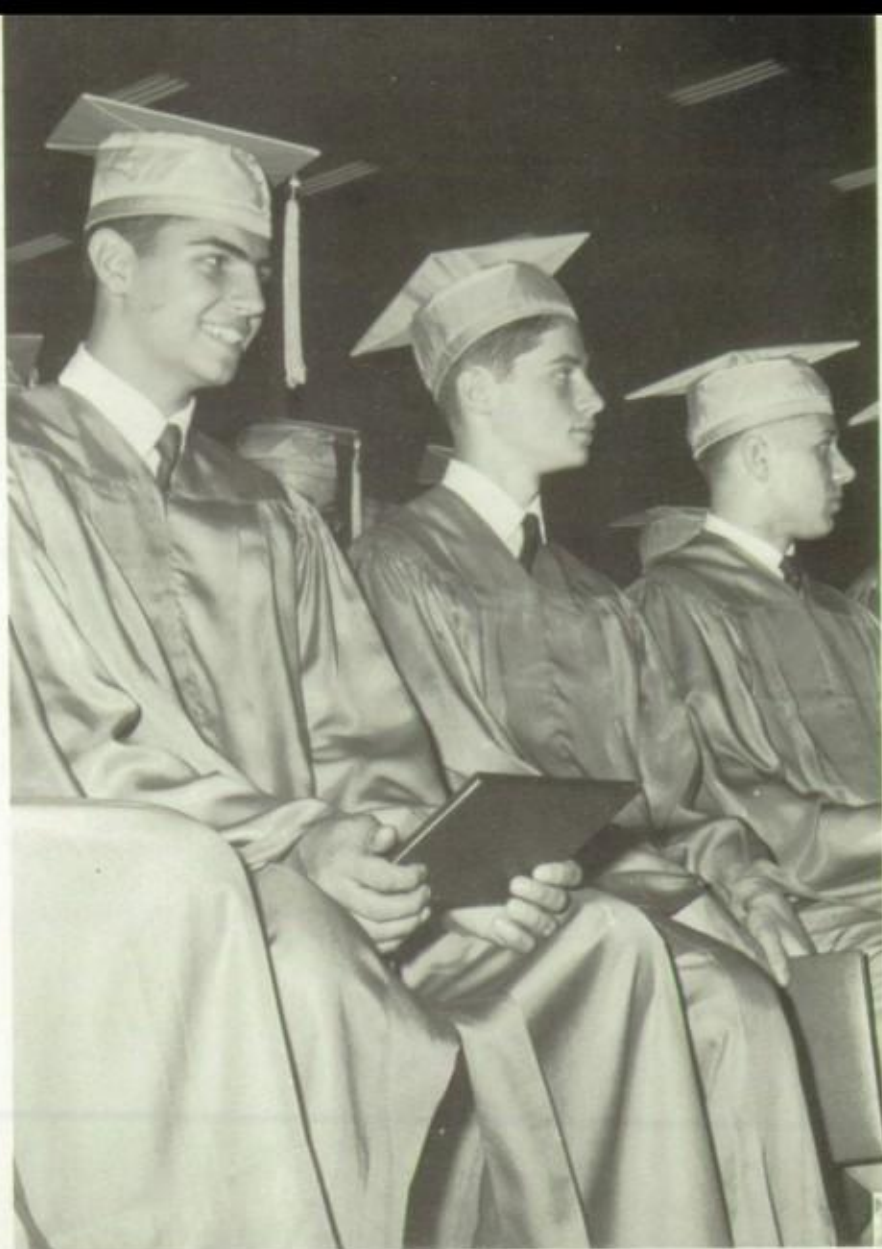

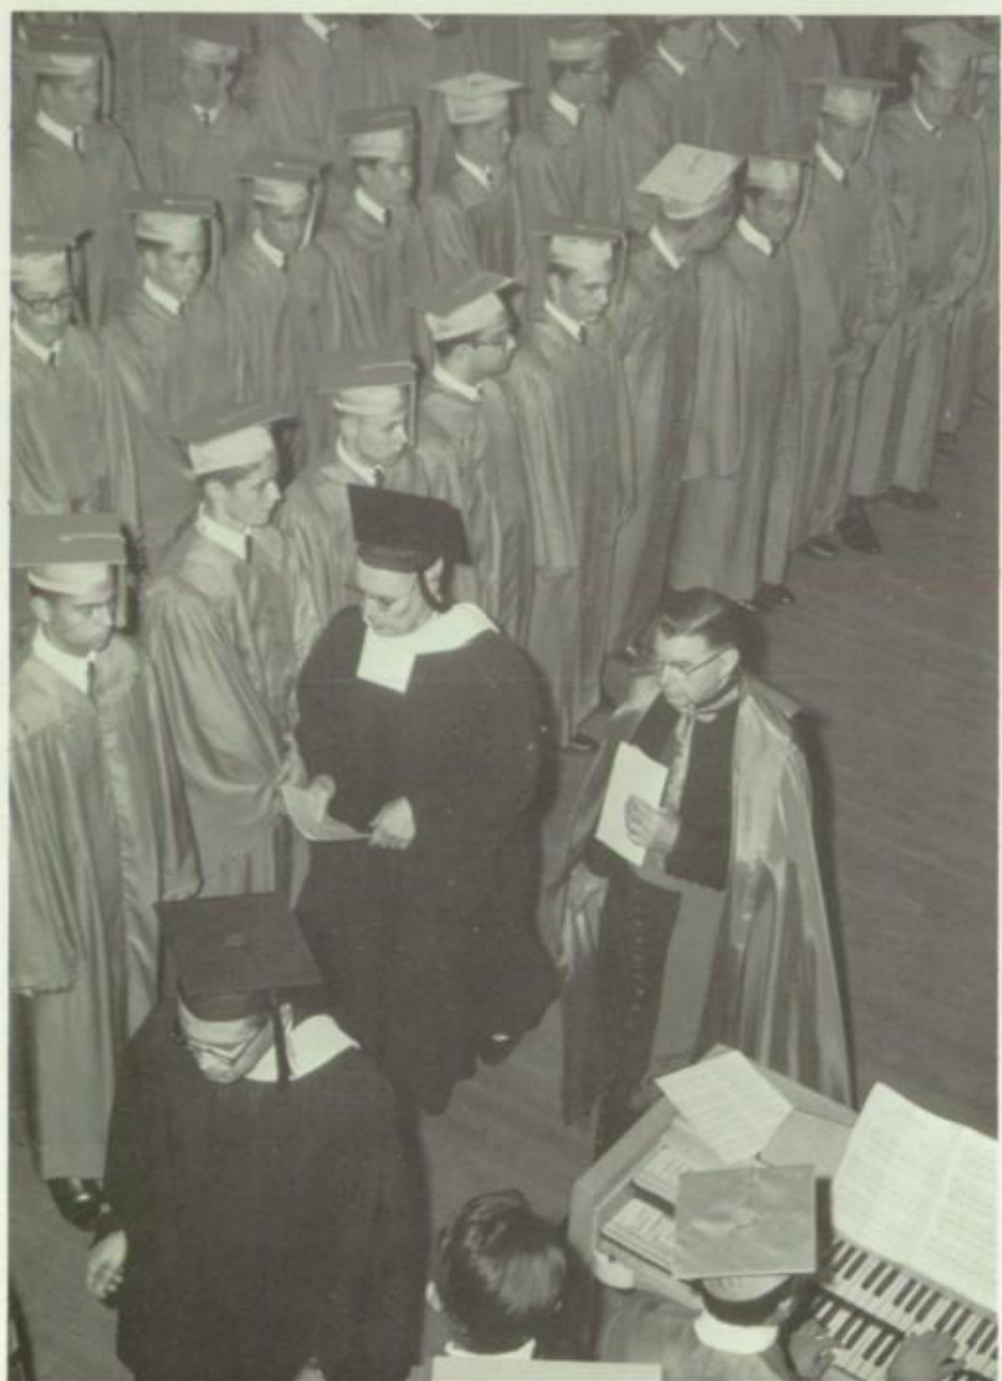

# Commencement

Flowing gowns, a sea of tilting mortarboards, the somber brilliance of academic hoods, 354 graduates march toward a diploma and away from St. Patrick High School. The one hundred-seventh annual Commencement Exercises took place on June 1, 1968 at 8:00 P.M. Congratulations were offered by Brother Mark Wagner, followed by an address by Brother L. Urban, Professor of English, Lewis College. Diplomas were presented to the graduates by the Right Reverend Monsignor John W. Sugrue, Pastor, St. John Bosco Church. We extend to the graduating class a sincere wish for future happiness, prosperity, and a rewarding college or professional career.

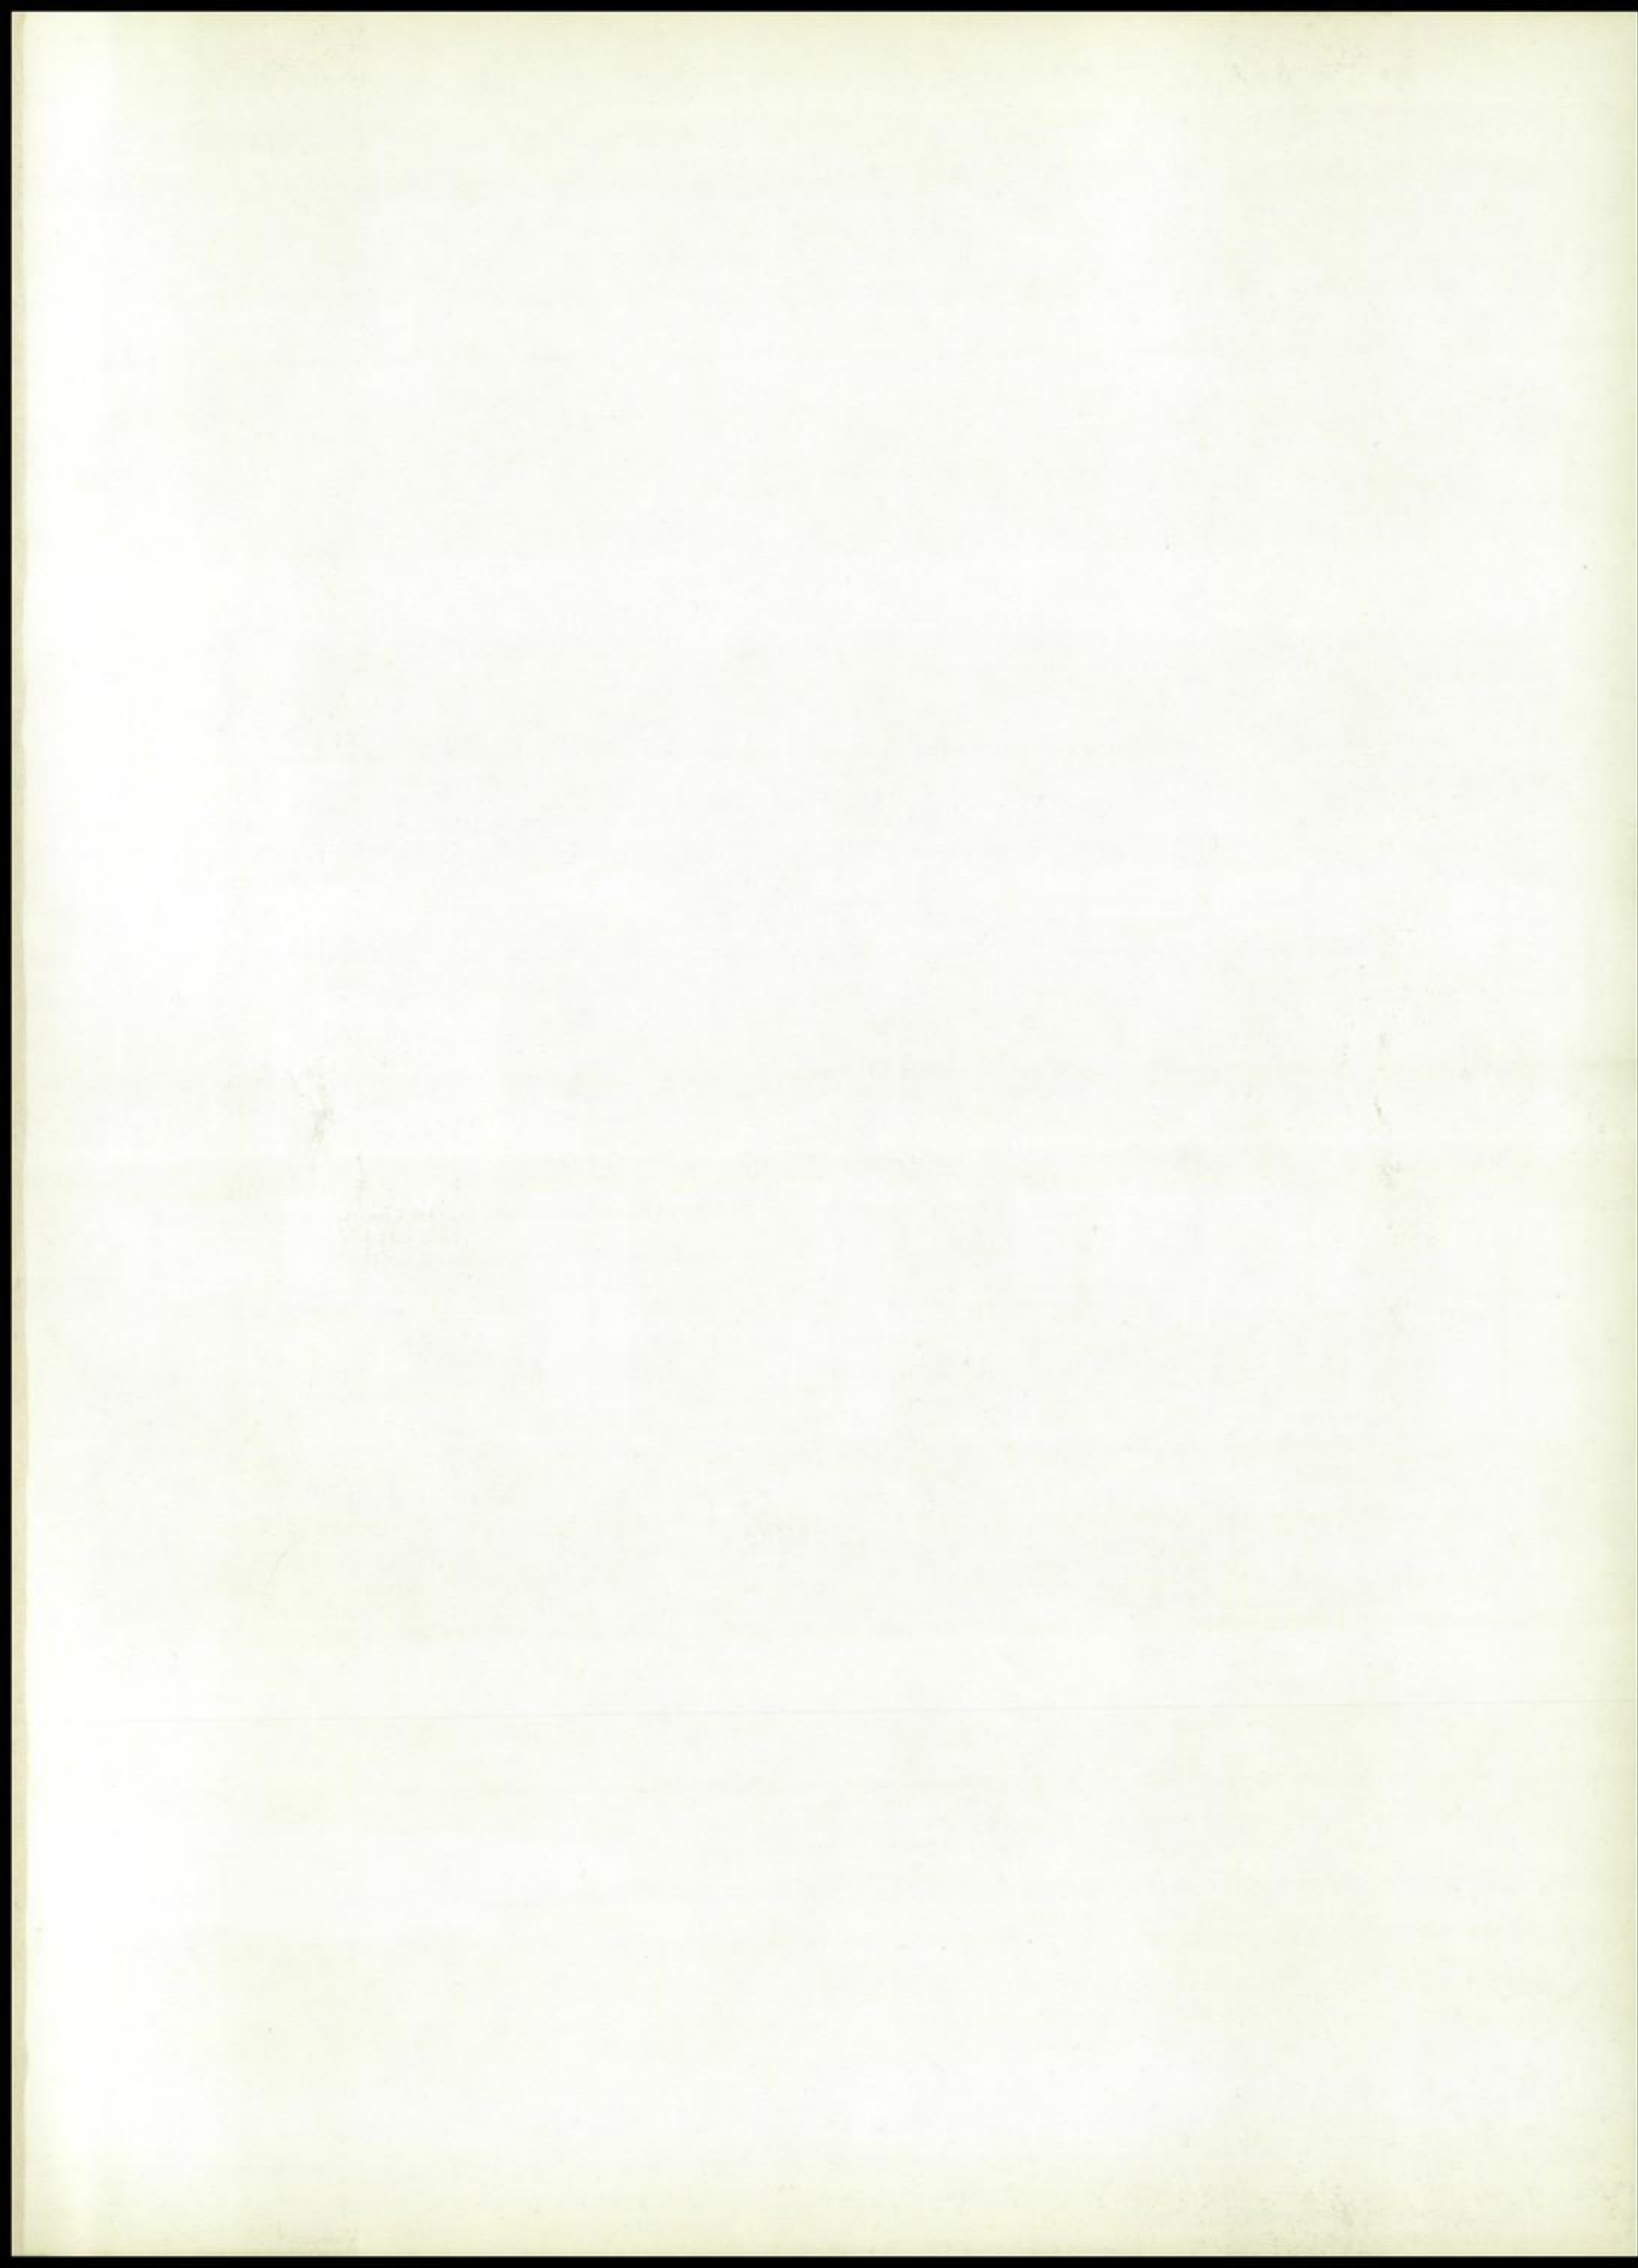

## A black and white photograph of a man and a woman dancing. The man is on the left, wearing a light-colored short-sleeved shirt and dark trousers, and is smiling. The woman is on the right, wearing a light-colored, patterned dress, and is also smiling. They are both in motion on a dance floor.

Things we'd like to see:

- Another strike
- Debits not equaling credits
- Girl life guards
- Heat in the swimming pool
- Dancing girls in the locker room
- Teachers who look older than students
